C.P.R. HEAD HERE FULL OF OPTIMISM

Mr. Beatty Expresses Opinion
On Island Questions

B. C. to Benefit From Move-
ment of Immigrants

E. W. Beatty, K. C., President
of the Canadian Pacific Railway,
is in Victoria to-day on his an-
nual tour of inspection.

"Conditions throughout the
whole of Canada are materially
better than a year ago and a
period of substantial prosperity
is undoubtedly very near at hand,"
Mr. Beatty said.

Mr. Beatty indicated that it is
likely that the company will start
next year with the new wharf depot
and office building here.

With the president is D. C. Cole-
man, Western vice-president C. P. R.
and president of the Vancouver
Island lines. With H. E. Beasley,
general superintendent of the Esqui-
mault & Nanaimo Railway, they to-
day inspected the terminal situation
here to investigate what is to be done
in connection with the proposed new
passenger terminal to accompany the
completion of the Johnson Street
bridge.

They were also interested to-day
in the plans for the new P. E. I.
motor car ferry service which will be
inaugurated next year to bring tour-
ing parties to this island.

C. P. R. advertising of Vancouver
Island will be continued as aggres-
sively as in the past, the President
said.

Mr. Beatty and his party came
straight through from the Prairies to
Victoria. They will go to Vancouver
to-night.

Sir Augustus and Lady Nanton
and Miss Nanton, of Winnipeg; Gen-
eral Herbert Nanton and Miss Mills,
of London, Eng., and J. W. Hobbs,
of Toronto, are also traveling with
Mr. Beatty.

New Passenger Terminals

In answer to a question from The
Times, "Is there anything definite
on new passenger terminals for the Es-
quimault and Nanaimo Railway in
Victoria now that the Johnson Street
Bridge is nearing completion?" Mr.
Beatty replied:

"When the Johnson Street Bridge
is completed we propose to consider
the improvement of our passenger
terminal facilities at Victoria. I have
already asked for a report and esti-
mates from our local officers and en-
gineers, but no final decision will be
reached until my return to Montreal."

Wharf Depot and Offices

"Will there be any appropriation
in the Canadian Pacific estimates
this year for the period of January
to the end of June, 1923, was the next
question, to which the president an-
swered:

"If the results of the company's op-
erations for 1922 are reasonably sat-
isfactory we will proceed with the
new wharf depot and office building
next year. I had hoped that we
would not need to defer this work
beyond 1923, but the conditions have
not justified any available expendi-
tures on capital projects. The com-
pany's economy has, up to this time, been
necessary, but I feel fairly confident
that the conditions next year will be
(Continued on page 4)

RAILWAY FIGURES ARE MADE PUBLIC

Deficit of Canadian National
Railways Reduced

Canadian Pacific and Grand
Trunk Reports

Ottawa, Sept. 25.—(Canadian
Press)—Operations of the Canadian
National Railways for the first six
months of the present year, as com-
pared with the corresponding period
of last year, show a considerable im-
provement. There was still a deficit
on operation, but it was out almost in
half in comparison with the operating
deficit for the period of January
to the end of June, 1921. In the six
months of 1921 the operating deficit
was \$1,169,450; this year it was
\$533,998, a reduction of \$7,350,452.
In the six months of last year the
Canadian National Railways spent
\$1.28 for every dollar earned in re-
venue; this year they expended \$1.17.
The operating deficit does not in-
clude the fixed charges, nor do the
above figures include the Grand
Trunk, which had an operating sur-
plus for the six months of 1922 of
\$4,290,945, a considerable improve-
ment over an operating surplus of
\$1,326,723, the figure for the cor-
responding period of last year. This
year the Grand Trunk has spent 87
cents for every dollar earned; last
year it spent 95 cents.

Decreased

With reduced rates and lighter
passenger traffic, revenues of the
Canadian National Railways for the
six months fell off \$6,371,806, or 11.1
per cent; but the payroll was reduced
\$7,499,270, or 16.5 per cent; the average
number of employees was re-
duced 4,097, or 7.1 per cent; average
train loading was increased 63.4 per
cent, or 14 per cent; number of cars
was increased 2.6 a train and car-
loading was increased 3 of a ton a
car, thereby reducing freight train
mileage 12.3 per cent, with reduced
total ton miles of only 3 per cent.
Total expenses were reduced \$13-
602,250, or 18.5 per cent, causing the
operating deficit to diminish \$7-
239,452.

Grand Trunk

For the six months the Grand
Trunk showed an increase in freight
traffic of 8.4 per cent, but a de-
crease in passenger traffic of 7.9 per
cent. Lower rates produced freight

President of Canadian Pacific Railway Visits City: E. W. Beatty, K.C.

JAPANESE PEOPLE INDIFFERENT ON TURKISH ISSUE

Near East Too Far for Them,
Says Viscount Matsudaira

Western peoples may be excited
over the present situation in Asia
Minor, but the people of Japan are
rather indifferent about the activities
of the Turkish armies, according
to Viscount K. Matsudaira, a
prominent member of the Japanese
aristocracy, who arrived in Victoria
on the Empress of Asia to-day on his
way to Europe.

"Asia Minor is so far away that the
people are rather indifferent towards
the present trouble, which was be-
ginning to take shape when I left
Japan a few days ago," Viscount
Matsudaira declared.

"Japan looks with extreme favor
upon the League of Nations," he
added, discussing the Near Eastern
situation further.

"I am simply on a holiday," the
Viscount remarked. "I am going to
spend a few days in Eastern Canada,
and then go on to England for I am
anxious to renew my friendships at
Oxford, where I studied some years
ago. I am not on any mission for
Japan, but am merely traveling for
pleasure."

The Viscount, who, accompanied by
his wife, will visit a number of
European capitals, will be presented
to King George and heads of con-
tinental governments.

Viscount Matsudaira passed
through Victoria with a Japanese
mission in 1918.

INDIAN ASSEMBLY REJECTS MEASURE

Bill Thrown Out Affording
Protection to Indian Princes

London, Sept. 25.—A Reuter cable
from Simla says that for the first
time since the introduction of the
Indian Legislative Assembly on Fri-
day threw out an important Govern-
ment measure. The Assembly re-
jected, by 45 votes to 21, a Bill pro-
viding for the continuance of the
protection afforded to Indian Princes
against seditious utterances in the
press. The Princes had received this
protection since 1910 under the Minto
Act, and were recently deprived of it
by the repeal of that measure.

The member for home affairs said
the Princes had unanimously asked
for protection, and the Government
thought itself bound by agreement to
maintain the Princes' privileges,
rights and dignities. He was satis-
fied that protection was necessary.
The Bill, he said, provided a check
against abuse; under it, the Govern-
ment alone could sanction prosecutions.

An opposition spokesman contended

that no case had been made out
for protection. He feared the bill
would be used to stifle legitimate
criticism.

INCREASING CAPITAL

Toronto, Sept. 25.—The Shelvin-
Clark Company has taken out sup-
plementary letters patent to increase
its capital stock from \$2,000,000 to
\$4,000,000.

DOUGLAS FAIRBANKS AND MARY PICKFORD IN TOWN TO-MORROW

Douglas Fairbanks and his wife,
Mary Pickford, stars of filmdom,
are scheduled to arrive in Victo-
ria to-morrow afternoon by the
steamer Princess Victoria from
Seattle. They are still reported to
be on their honeymoon, and are
taking a flying trip through the
Canadian Rockies via Victoria and
Vancouver.

YOUTHFUL AUTHOR IS PRIZE WINNER

Gordon Hill Graham Wins
\$2,500 in Competition

Toronto, Sept. 25.—Gordon Hill
Graham, of Stoney Lake, Ont., an
author still in his twenties, is the
winner of the \$2,500 prize awarded
by the publishing firm of Hodder
and Stoughton and the Mungton Book
Company for competition among
Canadian novelists. There were 250
contestants, but of these all but
seven were eliminated before the
process of judging entered upon its
final stage. The judges were: S.
Morgan Powell, Montreal; Charles C.
Jenkins, Professor H. Williams, Uni-
versity of Toronto, and Dr. W. T.
Allison, of Winnipeg, but the last
named was, through illness, unable
to act. The title of the prize winning
novel is "The Bond of Triumph," the
setting of the story is laid in Old
Quebec and the plot centres around
the first struggles for supremacy be-
tween military and ecclesiastical
authorities.

PROTEST AGAINST TREATIES COMES FROM VIENNA

Vienna, Sept. 25.—A great mass
meeting of protest against the peace
treaties concluding the Great War
was held here yesterday under the
auspices of various German associa-
tions. The speakers claimed the treat-
ies were responsible for the present
plight of Central Europe.

SIX VIOLENT DEATHS OCCUR AT MONTREAL

Montreal, Sept. 25.—Six violent
deaths and two sudden deaths were
reported over the week-end here.
Automobiles accounted for three of
these; narcotic poisoning was re-
sponsible for another and a fifth was
due to electrocution and injuries re-
ceived in a fall.

FINE ECLIPSE PHOTOGRAPHS FOR EINSTEIN THEORY

London, Sept. 25.—(Canadian
Press Cable)—Professor C. A.
Chant, of the University of Tor-
onto, one of the astronomers who
went to Australia to observe the
eclipse of the sun, telegraphing
from Walla, Australia, ac-
cording to a Reuter dispatch from
Melbourne, said he believed the
photographs taken on Thursday
last, during the eclipse, especially
the Lick Observatory photograph,
will prove sufficient to verify, dis-
prove or modify the Einstein
Theory.

FIVE DAYS FOR REFUGEES TO LEAVE

Turks Set Time-limit for
Those at Smyrna

Say They Will Take Stragglers
to Interior

Smyrna, Sept. 25.—Kemal
Pasha has allowed until Septem-
ber 30 for the evacuation of the
remaining 50,000 or more refu-
gees here. If vessels are not sent
by that time the refugees will be
taken into the interior.

London, Sept. 25.—A Reuter
dispatch from Athens says that
Admiral Bristol informed the
Greek Government that the United
States would undertake to protect
the evacuation of the refugees from
Smyrna if Greece would provide the means
of transport.

The Americans further undertook
to provide shelter and sustenance
for the refugees and they fixed a
limit of one week for their embark-
ment.
The Greek Government has grate-
fully accepted the offer.

DELEGATES DO NOT WANT LLOYD GEORGE AT GENEVA CONFERENCE

London, Sept. 25.—(Canadian Press
Cable)—A report, cabled on
September 21 that the Canadian de-
legates to the League of Nations in
session in Geneva, had telegraphed
to Premier Lloyd George urging him
to come to Geneva and explain the
Near East situation, is denied by The
London Sunday Observer's Geneva
correspondent, who says that, on the
contrary, the Canadian and British
delegates are of the opinion that the
Premier's place is in Whitehall, not
Geneva. The paper says that ex-
cept Lord Robert Cecil, no British or
Dominion delegate desires the British
office to be transferred from White-
hall to the shores of Lake Geneva.

SHOT THROUGH HEAD, MAILED BLEEDING BADLY

Hotel Roomer From Seattle in
Hospital in Precarious
Condition

Breaking open the door of room 207
at the Windsor Hotel at 120 p. m.
to-day, J. A. Dadds, the proprietor
of the premises, found Thomas
Thomson, a 48-year-old visitor from
Seattle, shot through the head.

The man was found on the bed, in
a pool of blood, with his face well
up in the wall, with the bullet hole
in the forehead. Nearby lay a 22 calibre
revolver with five cartridges in the
chamber and one shell exploded. The
wound seemed to have been inflicted
by the placing of the revolver inside
the mouth. Thomson was able to
talk, and in a statement said to have
been made to the proprietor muttered
something about suffering from
continually from a pain in his eye.
Thomson, as far as is known at
present, is an annual visitor from
Seattle, coming over to the island
for fishing.

The police were notified at once,
and Dr. E. C. Hart, coroner, arrived
on the scene and took charge of the
proceedings. Thomson was taken to
the Jubilee Hospital by the patrol
wagon, where his injuries were ad-
mitted to be grave though not neces-
sarily fatal.

Inspector Heatley was placed in
charge of the room, and made a thor-
ough examination of its contents. At
the time of going to press the bullet
that occasioned the wound has not
been found.

The shot was not heard in the ho-
tel, and it was not until the room was
approached (and the door found
locked that the suspicions of the pro-
prietor were aroused.

HON. W. C. KENNEDY STILL IN HOSPITAL IN MONTREAL

Montreal, Sept. 25.—Doctors at-
tending Hon. W. C. Kennedy, Minis-
ter of Railways, who has been twice
operated on for gallstones, reported
that there was no change in his con-
dition to-day.

GERMAN SOCIALIST PARTIES UNITE

Berlin, Sept. 25.—Six years of em-
bittered political warfare came to an
end yesterday when both groups of
the German Social Democratic Party
met in common session at Nurem-
berg and unanimously ratified the
fusion resolution adopted by the ma-
jority Socialists at Augsburg and by
the independent Socialists at Gerat.

By pooling its resources, the re-
united party will have command of
169 out of 469 seats in the Reichstag.

READY TO SEND ARMY NURSES

London, Sept. 25.—Reuter's Simla
correspondent cables that the presi-
dent of the Anglo-Indian (Domiciled
Europeans) Association of India has
offered the Viceroy the services of
his community for providing a con-
tingent of nurses to be employed in
the Near East in the case of an out-
break of war.

NEW GOVERNOR FOR CONSTANTINOPLE

One May Be Named by
Kemal

Constantinople Government
Ready to Resign

Constantinople, Sept. 25.—It
is reported that the Grand
Vizier has notified the Kemal-
ist Government that the Con-
stantinople Government does not
desire to embarrass the Ankara
Government and that the Minis-
ters are therefore prepared to
tender their resignations. In
this case it is expected Mustafa
Kemal will send a Governor-General
to Constantinople.

A Protest.
Constantinople, Sept. 25.—The Sul-
tan's Government has protested to
the Allies because the Joint Allied
note was not addressed to the Sub-
lime Porte.

The announcement that the Sul-
tan would return Thracian Turkey and
permit the ultimate occupation of
Constantinople by the Kemalists,
coupled with the fact that the Allied
note ignores the Sultan's Government,
renews the fear that the Sultan will
be forced to abdicate.

To Switzerland

Damad Ferid Pasha, the Sultan's
brother-in-law, and several times
Grand Vizier, left hurriedly for
Switzerland to-day. Five pashas,
ten former Ministers and many op-
position editors also left.

It is impossible to meet the de-
mands of the Greeks and Armenians
for Turkish fezes, which have in-
creased in price from three to five
dollars. A local Austrian firm has
telegraphed to Vienna for 200,000.

LONDON PAPERS COMMENT ON TERMS

Enthusiasm Lacking Regard-
ing Near Eastern Plan

Made to Maintain Agreement
Among Allies

London, Sept. 25.—Enthusiasm for
the Paris Near Eastern settlement is
lacking in the press comment. This
is the tenor of most of the editorials
in the press that it was the only
way to avoid war and maintain
agreement among the Allies, and
therefore had to be adopted. In
some instances the preservation of
the Allied unity is held to be the
most important aspect of the settle-
ment, and the question of concessions
to the Turks is not emphasized. Else-
where, however, these concessions
are declared to be excessive, and The
Daily Chronicle, a supporter of the
Allies, says:

"Never has a victorious power
shown more generosity for the sake
of peace."

Most of the commentators sharply
score the Government, and especially
Premier Lloyd George, for "mis-
handling the whole situation, with
the result that Great Britain has
suffered a severe diplomatic setback
after taking very big indeed."

Heavy Price.
According to one of these critics,
has been brought about at a heavy price
and the Government will suffer
blinding one of the most exasperating
blunders in history, has had to yield
in humble compliance to French
dictation.

Opinions differ regarding the
prospects of peace. Some think Mus-
tapha Kemal Pasha certainly will
accept the Allies' terms, while others
are less confident.

The Times, whose comment, other
than being at all denunciatory of the
settlement, cannot be described as
enthusiastic, says that if the state-
ment of the Kemal policy which
has been published is authentic, it
would seem to make negotiations
helpless.

"The Allies," it adds, "must show
that they will adhere firmly to the
position they have jointly adopted.
They have made much complaint
to avoid any semblance of yielding to
a display of force. The danger which
still hangs over the situation demands
the most complete loyal co-operation
of the Allied representatives and forces."

H.M.S. SPEEDY SANK IN SEA OF MARMORA

London, Sept. 25.—The British
torpedo boat Speedy sank early yes-
terday in the Sea of Marmara as the
result of a collision with a Dutch
trawler, says a Reuter dispatch from
Constantinople. Ten of the destroy-
er's crew were drowned and 87
saved. Speedy sank within
seven minutes.

NEW RAILROAD STRIKE INJUNCTION ENFORCED IN U.S.

Chicago, Sept. 25.—The drastic
temporary injunction order asked
by Attorney-General Harry M.
Daugherty against the railroad
shopcraft strike leaders was put
in force to-day by Judge James
H. Wilkerson without any of its
effectiveness being modified.

Several slight changes in the
wording of the order submitted
Saturday were made by Judge
Wilkerson to clarify its meaning.

HEAD OF BANGOR RAILWAY, MAINE, NOT C.N.R. PRESIDENT

Bangor, Maine, Sept. 25.—
Percy Todd, president of the
Bangor & Arrowstock Rail-
way, has declined the position
as head of the Canadian Na-
tional Railways System, he
announced here to-day.

REPLY SENT BY SOUTH AFRICA

Smuts Says Troops Not
Needed Now in Near East

Pretoria, South Africa, Sept. 25.—
The Union Government's reply to the
British appeal for support in the
Near East was published to-day and
said that the position was materially
improved so that there was no
longer any need for the Union's active
intervention. Premier Smuts ex-
plained that the delay in replying
was caused by the fact that he was
in an inaccessible part of the
country.

MEIGHEN MISTAKEN, SAYS PREMIER KING

There Is in Reality No Treaty
of Sevres

Act Passed at Ottawa En-
abling Legislation

Ottawa, Sept. 25.—"In the first
place, there is in reality no Treaty
of Sevres," Premier King said in re-
ply to a statement attributed to Rt. Hon.
Arthur Meighen, Conservative lead-
er, that Canada was a party to the
treaty and that the treaty had been
ratified on the motion of the Prime
Minister.

Mr. King explained that the treaty
in question had never been accepted
by Turkey or ratified by Great Brit-
ain or Canada. The act passed last
session, and to which Mr. Meighen
referred, was stated, merely en-
abling legislation to permit the Gov-
ernment in certain eventualities to
deal with former enemy property and
debts in Turkey and Hungary.

Representatives.
Should it be decided that Canada
is to have representation at the
forthcoming conference on the Near
Eastern situation, it is probable that
either Hon. W. S. Harding or Hon.
Ernest Lapointe, who went to Euro-
pe as Canadian delegates to the Assem-
bly of the League of Nations and are
on the continent, will be sent to
Venice.

Hon. T. A. Crerar, Progressive
leader, who came to Ottawa in an-
swer to a request from the Prime
Minister, and declared his opposition
to action which would tend to in-
volve Canada in a war before Par-
liament had been consulted. He left
the Capital, presumably for the West.

ATTACK ON IRISH POLICE LEADER

Insurgents' Attempt Against
General O'Duffy Failed

Further Disturbances and
Deaths Reported

Dublin, Sept. 25.—An attempt was
made last night to kill General Owen
O'Duffy, chief commander of the
Irish civil police, it was announced
to-day by the Free State Govern-
ment.

General O'Duffy, General Hogan
and two other officers were proceed-
ing along Naas Road when their
automobile was ambushed. A heavy
revolver fire followed, in which the
attackers were driven off and one of
them wounded.

Men Killed

Dublin, Sept. 25.—From County
Kerry, which is almost completely
isolated, news came yesterday of an
ambush at Binnerville. A Red Cross
man was shot dead while escorting
patients to a boat which was to take
them to Dublin.

At Dundalk yesterday Private
Owen Sherlock and a national army
comrade met two civilians whom
they recognized as fellow inmates of
the Ballykinal camp in pre-truce
days. After a friendly chat, the
civilians whipped out revolvers, kill-
ing Sherlock and wounding his com-
panion severely. The civilians
escaped.

Estate Ruined.
London, Sept. 25.—The Marquis of
Lansdowne informs The Times that
his mansion, Dreeen, County Kerry,
Ireland, has been looted and burned
and the valuable plantations on his
estate destroyed. He says he is un-
aware whether the outrage was com-
mitted by Free Staters or republicans.

PAYMENT MADE BY THE GERMANS

Paris, Sept. 25.—The German dele-
gation to-day delivered to the Re-
parations Commission here a total of
approximately 50,000,000 gold marks
in payment of the August and Sep-
tember 15 allotments due to Belgium.
The payments due aggregate 100-
000,000 gold marks, but there are
credits for merchandise, previously
delivered, which will serve to supple-
ment the present transfer.

TURKISH AND GREEK SPOKESMEN MEET TO ARRANGE ARMISTICE

Conference Brought About By Allied Commissioners;
Greeks Say They Will Not Permit Turkish Invasion
of Thrace.

Constantinople, Sept. 25.—The Allied High Commissioners plan
to meet to-day for the purpose of bringing together representa-
tives of Greece and the Turkish Nationalists for the conference at
Mudania at which the terms of an armistice are expected to be
settled.

The conference will examine the present military and naval
positions of the belligerents with a view to an immediate cessation
of hostilities.

Rear-Admiral Bristol, commander of the American naval de-
tachment in Turkish waters, will attend as an observer for the
United States.

BRITISH AWAIT REPLY OF TURKS

Cabinet Ministers Meet in
London

Near Eastern Situation Re-
ported More Favorable

London, Sept. 25.—The British
Government to-day was awaiting the
reply of the Turkish Nationalist
Government to the Allied peace pro-
posals and general satisfaction was
expressed in official circles at the
outcome of the Paris conference,
which was hailed as a great success.

Whether the Allied note has as yet
reached Mustafa Kemal Pasha is
unknown.

Premier Lloyd George returned
this morning from Chequers Court,
his official country residence, and
presided over a cabinet meeting at
which Foreign Secretary Curzon was
expected to present detail reports of
his mission to Paris.

Advisers There.
The Cabinet meeting was attended
by all the Ministers, together with
Admiral Earl Beatty, the Earl of
Caval and the other military and
naval personages who have been in
close touch with the Cabinet re-
cently. Mr. Lloyd George heartily
regarded in governmental circles as
the result of his mission to Paris, which
was regarded in official circles as
very satisfactory.

PRESIDENT BEATTY ADDRESSES BOARD

C.P.R. Chief Optimistic Regarding Conditions

Will Operate Swift Motor Car Ferry to Mainland

Delivering a message of optimism and intimating that Canada's bumper 1922 crop would go a long way toward restoring normal conditions, E. W. Beatty, K. C., president of the Canadian Pacific Railway Company, addressed the directors of the Victoria Chamber of Commerce at the Empress Hotel this afternoon. D. C. Coleman, vice-president in charge of Western lines; Captain J. W. Troup, manager of the B. C. Coast Service, and H. E. Beasley, general superintendent of the Esquimalt & Nanaimo Railway, were among the guests and all spoke briefly at the request of J. W. Spencer, president of the Chamber.

Crop Conditions. Pointing out that in Canada there was always a reflex of conditions in the United States, Mr. Beatty referred to the fact that four months after the slump in the United States the depression was felt in Canada. "We are four months behind the United States, therefore in the return to prosperous conditions."

"One of our greatest assets in Canada is the beautiful crop in all agricultural districts, and the crops this year are unequalled by anything in Canada's history. That means money and money means industrial expansion and greater trade development."

"I see nothing that should cause Canada the slightest apprehension," said Mr. Beatty, who, however, said it would only be natural that there would be slight periods of dullness, but the country was assured of progress.

Speaking of the railway system Mr. Beatty said that a great responsibility rested upon the administration of Canada's railways. It was the duty of the administration, and of the best business minds of the country to find a solution for the difficulties.

The Essential Facts. "A year ago I told some of your business men that we should give this problem very serious attention and that we should get the exact facts in respect of the situation. Unfortunately the exact situation has never been explained by this or the past Government and the people are therefore ignorant of the essential facts."

"The fact remains that the properties are ours, and we must administer them in the best interests of the country. The C. P. R. and the C. N. R. will continue to be operated alongside of each other, perhaps in competition, but each will have the same problems which cannot be avoided," said Mr. Beatty.

"For the above reason, he contended that the most expert railway men should be secured to administer the National Railway systems. "As the executive of the C. P. R. I would like to see a thoroughly trained, wide-viewed executive at the head of that institution, because we have so many problems in common which will be more easy of solution if the executive understands the situation and will handle it untrammelled by political or other influence."

"The administration has a trust to see that railways are operated without deficits, and the C. P. R. will be more than willing to do that, said Mr. Beatty.

Interest in City. D. C. Coleman pointed out that the C. P. R. was greatly interested in the Victoria. The company in the operation of the B. C. Coast Service, Empress Hotel and other departments of the railway, expended in Victoria in purchases, exclusive of lumber, the sum of \$682,216.41 last year, and for 1922 this amount will be very considerably exceeded owing to the increased travel. Last month the payroll of the B. C. Coast service was \$62,000.

Mr. Beasley said there was every indication of substantial business development on Vancouver Island. Lumber mills and logging camps were in operation in all sections. The railway was doing everything possible to make Victoria the distributing centre for the Island, Mr. Beasley said.

Captain Troup gave a brief outline of the operation of the B. C. Coast Steamship service under his management.

Motor Car Ferry. Mr. Coleman rose to announce that he had been authorized by President Beatty to give publicity to the fact that the C. P. R. proposes to put a motor car ferry in service between here and the mainland. Mr. Beatty was asked from what points the ferry would operate, but he informed The Times that the company had not yet definitely decided on the route.

It is understood the ferry will be

of great speed and built along commodious lines to handle a large fleet of motor cars.

C. P. W. Schwengers, J. O. Cameron and other speakers, endorsing the Canadian Pacific for its wonderful development of the Dominion of Canada. He said that the local officials were always ready at all times to listen to representations from local merchants and to do everything they could to assist.

CHURCH NAME IS MATTER OF INTEREST

Toronto, Sept. 25.—The statement of Rev. Dr. Pidgeon, convenor of the General Assembly's union committee, to the effect that when the Presbyterian Church enters the new United Church all congregations which refuse to enter will thereby lose their status as Presbyterian churches, and that the minority cannot survive bearing the name of the Presbyterian Church in Canada, is said to have caused widespread consternation among the anti-unionists.

Rev. Dr. J. H. Fraser, principal of the Presbyterian College of Montreal, and president of the "Presbyterian Church Association," the name by which those opposed to union are known, stated to-day that if the legal counsel of the union committee is right, the churches that stay out of the union can never be known as the Canadian Presbyterian Church.

ITALIAN PRESS APPROVES ALLIES' NEAR EAST PLANS

Rome, Sept. 25.—The Italian press unanimously applauds the peace terms decided upon by the Paris conference for settlement of the Turkish question and hails the outcome as a great triumph for Italian diplomacy and a notable step toward lasting peace in the Near East.

OBITUARY RECORD

The remains of the late Mrs. Effie May Magoon, who passed away at her residence, 4081 Albany Street, on Wednesday evening, were laid to rest Saturday afternoon. Service was held at the Thomson Funeral Home, 1625 Quadra Street, at 3.30 o'clock, when the Rev. William Stevenson, of the Emmanuel Baptist Church, gave a very impressive address. During the service Miss Leta Cody sang very feelingly "Vale." Mr. Lawton Partington presided at the organ. There were many old time friends present and many beautiful floral offerings testifying to the esteem in which the late Mrs. Magoon was held by her many friends. The following acted as pallbearers: S. Jory, R. Chester, W. Hunter, T. Neill, C. Hansen, G. Moraes. Interment was made in Ross Bay Cemetery.

Many old-time friends attended the funeral of the late James Porter, which took place Saturday afternoon from McCall Bros' Funeral Chapel, where Rev. W. P. Freeman conducted an impressive service. One hymn was sung, "Forever With the Lord." The floral offerings were very beautiful. Interment was made at Ross Bay Cemetery. The following acted as pallbearers: Geo. Bayley, T. H. Wilson, H. Ferguson, A. Galbraith, P. W. Hodges and J. P. Dill.

There passed away at the family residence on Saturday evening Alice Mildred, aged 36 years, daughter of Mr. and Mrs. Henry Smith, 116 Menzies Street. Miss Smith was born in Ontario, coming to Victoria five years ago, and is mourned by her father and mother, two sisters, Mrs. Peter Raymond and Mrs. Frank Plochhart, of Vancouver, and four brothers, Reginald, of Vancouver, Earl, of San Francisco; Hedley, of Seattle, and Walter at home. The remains were removed to McCall Bros' Parlors, the funeral arrangements awaiting the arrival of relatives.

The funeral of the late Mrs. Mary Simpson, who passed away at her home, Coach and Horne Hotel, Esquimalt, took place Saturday afternoon, the service being largely attended by relatives and friends. The unusually large number of floral wreaths and sprays testified to the high esteem in which the late Mrs. Simpson was held. The Rev. Mr. Chapman, of St. Paul's Church, officiated, and the hymns sung were "Abide With Me" and "Nearer, My God, to Thee." The pallbearers were: Edward Cullerton, Adam McBeth, William Worth, David Reister, William Sterling and Peter Fitzsimmons. Interment was made at Ross Bay Cemetery.

The death occurred yesterday morning at her home, 2817 Inlet Drive, of Mrs. Elizabeth Whittaker Robertson, beloved wife of Mr. James Robertson, age 72 years. She was born in Edinburgh, Scotland and had been a resident of this city for the past two years. She is survived by her husband and one sister, Mrs. Florence Hutton, of Drumheller, Alberta. The funeral will take place to-morrow, Tuesday, at 2 o'clock from the Sands Funeral Chapel, and interment will be made at Ross Bay Cemetery.

The funeral of the late M. Brinkman, which was postponed until Wednesday at 3.30, from the B. C. Funeral Chapel.

LOOK TO H. C. HALL AS NEW TREASURER

B.C. Liberals Likely to Choose Victoria Man

M. A. Macdonald May Have Opposition in Presidential Race

Hon. J. D. MacLean, Provincial Secretary, Hon. W. M. Sutherland, Minister of Public Works, and Attorney-General Manson left this afternoon for the Provincial Liberal convention at Nelson, Premier Oliver left last night. The Hon. E. D. Barrow, Minister of Agriculture, will leave to-morrow.

The Victoria and Island delegation of Liberals will leave to-morrow afternoon. The Ministers leave a day ahead for the caucus of Liberal members of the House on Wednesday, the day before the convention opens. With the opening of convention week interest is running high in Liberal circles here. Reports received from outside points indicate excitement all over the Province. The liquor and civil service questions will be discussed, and the attitude of the Government party on them decided.

Contest for Presidency. Henry C. Hall, K. C., of Victoria, is to be made treasurer of the party in this Province, it was stated in well-informed quarters to-day. He is a former member of the Legislature and has strong Cabinet backing for the office. The present treasurer, A. M. Pound, of the Sterling Trust Co., Vancouver, is resigning because of pressure of his business.

M. A. Macdonald, K. C., retiring president, is leaving the selection of the new president to the convention. That he himself will be a candidate, and there will be contest is certain. Brig. Gen. V. D. Odium, J. A. Buckham, M. P. P. for Columbia, and Alex. Paterson, M. P. P. for Delta, are mentioned as contenders.

Campbell Not Running.

Charles R. C. Campbell, executive secretary of the B. C. Liberal Association for the last 12 years and a member of the National Liberal Council at Ottawa, announces definitely that he will not be a candidate for any office this time, despite statements of friends that they would insist on him running. Coupled with this definite announcement was the report that Brenton S. Brown, well-known in party and business circles in Vancouver, would be a candidate at the solicitation of his friends and party leaders. His name is the only one prominently mentioned in connection with the office, and his election is generally conceded.

BACK FROM ROTARY OFFICERS PARLEY

Scurrah Returns After Confering With Pacific Northwest Leaders

P. B. Scurrah, president of the Victoria Rotary Club, returned to the city Saturday afternoon from Pendleton, Oregon, where he attended a meeting of presidents and secretaries of Pacific Northwest Rotary Clubs. The Pendleton meeting was attended by delegates from all over the Northwest, discussed a large number of questions and projects in which Rotary is interested and was able to reach conclusions which will be of great value to Rotary Clubs generally, according to Mr. Scurrah. Many new clubs formed in the Pacific Northwest recently, were represented at the Pendleton conference and secured information which will be useful to them. Four delegates were present from the Nanaimo club.

VALUE OF SERVICE CLUBS

Service clubs are educated democracies, according to Capt. J. T. Goodlake, secretary of the Victoria Rotary Club, who addressed the Gyro Club at its luncheon to-day. The speaker gave an interesting insight into the operation of service clubs. He told what the clubs were for and some of the things for which they did not organize. Service clubs were not taxi-cab companies, he explained, although many people had an idea they were. No service club would be a success unless each man pulled his own weight, and he added that no man would get any more out of Gyro than he put into it.

HEMORRHOIDS

Do not suffer another day with itching, bleeding, or protruding Piles or Hemorrhoids. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. See a box; all dealers and Dr. Chase, Bales & Co., Limited, Toronto. Sample box free. Adv.

GREAT LIQUOR SEIZURE PLANNED

Fargo, N.D., Sept. 25.—Three carloads of bonded whisky, containing 9,000 cases, and valued at between \$350,000 and \$400,000, will be seized late to-day at Portal, N.D., by federal prohibition agents, A. A. Stone, Fargo federal agent for the state, announced this afternoon.

The liquor, shipped from the Hill and Hill Distilleries at Owensboro, Ky., to the National Bell Drug Company, at Vancouver, B.C., is held by customs agents at Portal, Mr. Stone said.

KING AT PLAY IN THE HIGHLANDS

Britain's Monarch Enjoys
Himself at Balmoral

London, Sept. 25.—King George is enjoying himself these autumn days at Balmoral in the Highlands. More than anywhere else he is there able to get away from ceremonies and formalities and pass his days as an ordinary citizen. He is never without a few guests at Balmoral but never entertains there on a large scale. He does not have to.

He is always an early riser in the Highlands, and almost as soon as the sun has dispersed the mists from towering hills, the royal piper is serenading below the King's bedroom window, "skirling" some favorite pibroch.

Every day at Balmoral a certain routine is followed, for the King makes a point of being in the open as much as possible. One day there is a grouse shoot on the royal estates or some of the neighboring moors, and the next sees a deer drive in Balmoral Forest, or a deer-stalking expedition around Lochnaiger.

Another day the King may prefer to go fishing on the "Silver Dee," one of the best salmon rivers in Scotland; or, again, the day may be spent in walking within the extensive royal estate or climbing some of the surrounding hills.

Days are set apart, too, for trout fishing on Loch Muick, and for picnics and lunches with the royal household and guests at one or another of the numerous picturesque bungalows which stand in some of the lonely glens within a few miles of the castle.

The great social event on Deeside during the King's holiday at Balmoral is the Braemar gathering. As this day comes round—the purple heather and yellow gorse of Deeside are again alive with armed highlanders. The King's men from Balmoral are there in the red tartan of the Straths, with the King's factor to command them. They carry the great Lochaber axe, while the Duff men, who follow them, are armed with the pike, and the Parachutists with the claymore. Highland games, the dancing of the sword dance, and the skirling of the pibrochs fill the Braemar day. Such a scene among the heather and bracken, colored with all the hues of early autumn in the Highlands, draws spectators from all quarters and of all nationalities.

Another day the King may prefer to go fishing on the "Silver Dee," one of the best salmon rivers in Scotland; or, again, the day may be spent in walking within the extensive royal estate or climbing some of the surrounding hills.

CANADIAN PACIFIC CAR SHOPS AGAIN WORKING FULL TIME

Calgary, Alta., Sept. 25.—For the first time in two years commencing to-day the car department of the Canadian Pacific Ogden shops will work full time. This was the official announcement made at the offices of the general superintendent of the Alberta Division on Saturday morning. The department mentioned is one of the largest at the shops and will effect car repairs and repairs to the heavy movement of grain is the cause of the increased work. The announcement has been received with much satisfaction by the men concerned.

According to reports an east bound train crashed into a standing freight car on the main line. The caboose and coal car on the standing train were crumpled up, the boiler of the locomotive was caved in and the tender up-ended. Several cars of grain were wrecked. The conductor and engineer on the moving train jumped clear.

SUCH PAINS AS THIS WOMAN HAD

Two Months could not turn in Bed
Lydia E. Pinkham's Vegetable Compound Finally Restored Health

Seattle, Washington.—"I had dragging pains first and could not stand on my feet, then I had chills and fever and such pains in my right side and a hard lump there. I could not turn myself in bed and could not sleep. I was this way for over two months, trying everything any one told me, until my sister brought me a bottle of Lydia E. Pinkham's Vegetable Compound. I took it regularly until all the hard pains had left me and I was able to be up and to do my work again. The hard lump left my side and I feel splendid in all ways. I know of many women it has helped."—Mrs. G. RICHARDSON, 4640 Orcas St., Seattle, Wash.

This is another case where Lydia E. Pinkham's Vegetable Compound brought results after "trying everything any one told me" had failed.

If you are suffering from pain, nervousness and are always tired; if you are low spirited and good for nothing, take Lydia E. Pinkham's Vegetable Compound.

METHODIST CHURCH REPORTS PROGRESS

Investments for Superannuation Fund Total \$2,415,000

Toronto, Sept. 24.—A year of progress will be reported to the Methodist General Conference this week on behalf of the superannuation fund of the Church, the report showing that the Church's investments on behalf of this branch now total \$2,415,000 in comparison with \$900,000 which four years ago constituted the department's total endowment. Much of the increase is the result of the Methodist national campaign, which contributed \$1,425,000, it is declared.

This money, invested principally in Government securities and earning an average interest rate of 6.25 per cent, cares for 426 retired ministers, 435 widows and 102 children. The annuities paid are at present on the basis of \$18 for each year of service, but it is hoped next year to pay upon the basis of \$20 for each year of service and to correspondingly increase the allowance to widows and children.

The department's budget for the coming year is \$506,000.

Prospects of a legal fight in the Presbyterian Church before Church Union can be brought about, was predicted on Saturday by Principal Fraser of Montreal, who was in the city in connection with the draft legislation which came before a joint committee on union.

Principal Fraser is one of the strong opponents to Church Union and he pointed out that there are difficulties in the way. The provision, he declared, must be made to take care of those who do not want union. The separation, he felt, is inevitable.

WAR HERO MADE NEW GOVERNOR OF SOUTH AUSTRALIA

London, Sept. 25.—Major-General Sir George Molesworth Bridges has been appointed Governor of South Australia, succeeding Lieutenant-Colonel Sir William Wake. The latter resigned the position because he said he could not live on his salary and had not sufficient private means to afford the luxury of maintaining such a position.

His successor, Sir George, is known in the British army as the "Toy Drum Hero." That term has not been applied to him in derision, but in recognition of a memorable incident of the war in which he displayed great gallantry.

After the action at Le Cateau, in 1918, the British army started on its great fighting retreat, and men were dropping out from sheer exhaustion. Major Bridges, as he then was, went back to St. Quentin to round up 250 stragglers. He found them in a state of collapse. At a little village about 10 miles off, he found a drum and a penny whistle to serve as a band. He marched them off, laughing in spite of their weakness. They kept on marching for 25 miles.

Sir George was the military member of the Balfour mission to the United States in 1917, and head of the British War Mission to the United States in the succeeding year.

GRAND ARMY OF UNITED VETERANS RE-ELECT PRESIDENT

Niagara Falls, Ont., Sept. 25.—At the Grand Army of United Veterans' convention Saturday, C. R. McNeil, of Hamilton, was re-elected president.

The next convention will be held in Ottawa.

ST. LAWRENCE RESORT IS SWEEP BY FIRE

Quebec, Sept. 25.—A disastrous fire of unknown origin yesterday swept through the village of Kamouraska, a fashionable summer resort on the banks of the St. Lawrence River, about ninety miles east of this city, and destroyed between thirty and thirty-five houses as well as a number of barns and outbuildings. The loss is estimated at \$100,000.

A WASHINGTON DEATH.

Olympia, Wash., Sept. 25.—George B. Fraser, Associated Press wire operator here, and a pioneer newspaperman, died last night from the effects of a stroke of paralysis.

PETROGRAD HOPES FOR BETTER DAYS

Belief in Russia That It Will
Again Be Capital

Petrograd, Sept. 25.—Hope that some day the capital of Russia will be transferred back to Petrograd is buoying up the spirits of many residents of this ghost like city that, Peter the Great built to serve as the center of Russia's power.

No official word, not even a semi-official hint, has been given that the Bolshevik regime will return to the capital here from Moscow, but many Petrogradites base their hopes that this will occur on the fact that Petrograd was built for government purposes, and is far more fitted to house government offices than overcrowded Moscow.

If the time does come that the Bolshevik officials lose their fear of attack from outside, these Petrograd residents say the government inevitably must return to the city that offers it comfortable quarters and immediate proximity, by land and sea, to Western Europe. While the fear of attack exists, these same features of Petrograd's location make it a dangerous site for a capital. Finland is too close, and the Finnish Gulf and the Neva offer anchorage for foreign warships.

Buying Up Property.
Shrewd citizens are now buying up Petrograd's property and holding it against the day when the now almost depopulated city shall again be the crowded capital.

The Petrograd port has shown great activity this summer, but most of the factory chimneys of the city and suburbs are still smokeless, and the streets, as compared with busy Moscow, seem like those of a country village.

A few pedestrians; an automobile or two; now and then a slow moving horse-drawn truck, and the scattering of cabs in the great broad avenues laid out by Peter the Great to make Petrograd magnificent, seem to be lost in the city's spaciousness.

Great government buildings that border the plazas and squares are now occupied by small bureaus of the main ministries at Moscow. Huge palaces are empty, occupied only by caretakers, or transformed into museums, open but a few hours each week and even then visited only by sightseeing tours, and now and then a little group of art students.

Many shops are open, selling mostly second hand goods and a costly bric-a-brac from the houses of the once great, but business is dull and money is much scarcer than in speculation-mad, seemingly prosperous Moscow.

BARBERS' GUILD MEMBER NEVER TRIMMED A BEARD

London, Sept. 25.—A reminder of the survival of the ancient traditions of London, long after their members have ceased to have any connection with trades they ostensibly represent, is provided by the election of Sir Samuel G. Sheard as Chairman of the Company of Barbers for the ensuing year.

Sir Samuel never was a barber, and if any of his ancestors ever were he has forgotten it. At the same time all the members of the Company. But they are very proud of the old traditions which the Company has maintained and get together on stated occasions to eat a generous dinner, washed down with good wine, and listen to speeches about the good old times.

The Company is an ancient one. It was incorporated in 1481, and 50 years later an Act was passed which prevented any persons not members of the Company from practicing surgery within seven miles of the city of London unless they had been licensed by the Bishop of London.

Barbers were versatile folk in those times, combining the avocations of surgeon and dentist with the work of trimming hair and beards.

WAR HERO MADE NEW GOVERNOR OF SOUTH AUSTRALIA

London, Sept. 25.—Major-General Sir George Molesworth Bridges has been appointed Governor of South Australia, succeeding Lieutenant-Colonel Sir William Wake. The latter resigned the position because he said he could not live on his salary and had not sufficient private means to afford the luxury of maintaining such a position.

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

- Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.

Corns Go
Just say
Blue-jay
to your druggist

The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop does it!) and in extra thin plasters. The action is the same.

MR. BEATTY.

In the periodical visit of the President of the Canadian Pacific Railway Company the people of Victoria always experience a peculiar sense of satisfaction. They recognize in the presence of the distinguished party which usually accompanies the administrative head of this great concern a general admission that Vancouver Island is as important from the company's point of view as any other part of the country.

It is a little more than two years ago since Mr. Beatty paid his first visit to Victoria as President of the company and it was only natural that he should have confined his public statements at that time to encouraging generalities that could be described in the language of stock-taking. He made no fulsome promises and he was not carried away by any spirit of unreasonable enthusiasm. None the less if our memory has not grown rusty we seem to recall that he announced the company's intention to erect new railway and steamship terminals at this port. And he qualified his more pointed observations on this particular subject by the delicate hint that a joint bridge across the harbor would have to be a civic accompaniment to the expansion to which he more specifically referred.

When Mr. Beatty was here last September he would have noted that the Johnson Street bridge had ceased to be a question in the realm of civic politics. On this occasion he will learn that a still greater change has been brought about in that part of the city which includes the present railway terminals of the Esquimalt & Nanaimo Railway Company. We commend this development and the other suggested improvements at the Wharf to the attention of our distinguished visitor.

BEHIND THE MOTHERLAND.

Official and public sentiment in Canada is in sympathy with British policy in the Near East. There never has been any question about it since the local affair between Turkey and Greece began to threaten such interests as this Empire may have in that part of the world. But most people will fail to see the necessity to rush its confirmation in the form of an official document any more than they will see the necessity to sing the National Anthem before every meal.

The British Empire is a going concern in a healthy condition. Neither this nor any other Dominion Government has any need to advertise it any more than this or any other Government requires to advertise the country's postage stamps. The British Empire is an actual fact. The world understands what it signifies and realizes what it is up against when any part of it is insulted. Germany tried it on. She soon realized the nature of her blunder. Not even Mustafa Kemal Pasha sees the least significance in the fact that neither Canada nor South Africa immediately promised to send a contingent to help to bar his way to Europe. He, too, has learned something about the British Empire.

One of our contemporaries says that all Great Britain wanted was an expression of opinion "as to the justice of her course in her dealing with the Turkish Nationalists," but it does not understand "that in the British Government's communication to Ottawa there is any request for troops." What on earth would be the point of an inquiry as to whether this country would give the Motherland her moral support in the event of a crisis? There never could be any doubt about it and the Canadian Government would not hesitate for a single second to assure the British Government of such sentiments were such a course necessary. It would be,

and naturally was in this case taken for granted. But the policy of Mr. Lloyd George himself was by no means clear—its modification from day to day furnishes the evidence for this assertion—and his wish to know "whether Canada would desire to be represented by a contingent" was merely subjected to a request for a little further information.

One week ago to-night the Prime Minister said "such information as we have is of a wholly reassuring nature." In the meantime every part of Canada has signified its intention to go to the aid of the Motherland if a real crisis should develop. Nor is there anything to suggest that the Government would feel impelled to call Parliament together to promise military support in that event. And Mr. Lloyd George would be the first to discourage any financial outlay by Canada until the circumstances warranted it.

No good purpose will be served by mixing Empire solidarity with politics. One or two of the Treaties negotiated after the war have been severely mauled during the last two years. Germany is crawling from under the provisions of the Versailles pact and the Allies have bowed to conditions that were not contemplated in 1919. Turkey is wriggling from under the provisions of the Treaty of Sevres—and she has been aided by divided views in the Entente. Canada is a signatory to both. But this country's interest will remain academic only as long as the British Commonwealth and its undertakings are not seriously involved.

CONVENTION TOPICS.

Although the agenda that will occupy the time and attention of the Liberal Convention at Nelson this week will naturally give place to the more obvious fundamental questions with which the Party is concerned, we make no apology for urging upon that gathering the necessity for discussing that resolution of the Victoria Liberal Association which approves a policy that would provide for a more complete and adequate hospital accommodation for tubercular patients—whether such patients are able to pay for care and treatment or not.

The Oliver Government took an important step in the interests of the tubercular population of British Columbia when it assumed proprietorship and operation of the provincial institution at Tranquille. Its course in that particular is in harmony with the progress which the Government has made in placing good social legislation on the statute books. We admit that a legislative discussion with the tubercular subject as its text does not furnish a great deal of forensic encouragement. None the less we are persuaded that if the Liberal Convention would support a measure that would greatly extend the Government's activities at Tranquille the Legislature could be depended upon to give it practical support.

Happily there is no especial danger of the tubercular subject provoking the two parties to political combat. Both must be convinced that three hundred beds at Tranquille are woefully inadequate to accommodate the number of sufferers who should be there and are not because there is no room for them. The Legislature could at least discuss this phase of the question and consider it in relation to a proposal for the after care of the unfortunate.

THE DISABLED VETERAN.

No Government can escape its obligation to the ex-service man who belongs to what may be termed the "amputation battalion." These veterans are in a class by themselves. They are presumably pensioned according to their disability. But that may be barely enough or woefully inadequate to keep them going. In many cases they are totally unfit to follow their pre-war occupation and in not a few instances are unable to enter the competitive labor market at all. It naturally follows that they are entitled to and should have no difficulty in getting special consideration. They have a right to be put in a position that should assure them of living conditions at least equal to those they enjoyed before. Anything short of that is obviously punishing patriotism.

NOTE AND COMMENT

It will be noted that Mustafa Kemal Pasha's threats to attack the Dardanelles and Constantinople have not materialized. The last thing he wants to do is to incur the real wrath of the British Empire.

The Balfour note on inter-Ally debts and the premature invitation in respect of Dominion participation in a military venture in the Near East are not exactly feathers in the cap of Mr. Lloyd George.

It is fairly safe to assume that there will be no suggestion that the Liberal Convention at Nelson should have been postponed on account of the crisis in the Near East.

Other People's Views

Letters addressed to the Editor and intended for publication must be short and clearly written. The longer an article is, the more likely it is to be cut. Communications must bear the name and address of the writer, for publication unless the owner wishes. The publication of anonymous letters is entirely at the discretion of the Editor. ESQUIMALT CANTEN BUILDINGS

To the Editor—May I through your columns express my sincere regret that, owing to information given to me, which should have been verified officially before publication, it was stated that the Esquimalt canteen buildings were rapidly deteriorating. I sincerely hope that through this report no harm or injury however slight may accrue to the immediate past or present commanders, who have always been treated our lacrosse team and me with the utmost courtesy and consideration. I should also regret exceedingly if this report should in the least degree harass the Government or its officials in charge, and will additionally regret if it in any way should hinder or hamper the successful carrying out of a community centre so greatly needed in Esquimalt.

ART AT THE FAIR.

To the Editor.—Considerable attention has been drawn to the exhibition of certain pictures on loan for inspection at the Agricultural Fair, particularly to the work of a group of seven artists, who, it was reported, had struck a new note in Canadian art. Accordingly it was with much interest that I went to see the work of these seven painters. To my astonishment I found that the courtesy of a proper hanging of the pictures had been denied them, two at least having been placed on the floor behind a low barrier. This position of course made it impossible to judge them fairly.

Such a proceeding can scarcely be accidental, considering the amount of space available, and I am therefore afraid it was due to prejudice, a prejudice which it seems to me is most unjustified. I am aware of the fact that the paintings by these seven artists are not along the conventional lines to which we have grown accustomed, but because they are unconventional is surely no reason why common courtesy should not be extended to the painters of these pictures.

We have grown so used to the idea that all landscape work must be strictly imitative that it appears quite shocking to certain orthodox minds to see Nature treated in a free and decorative manner. And this attitude of mind is most inconsistent, for even the strictest classicist will admit the right of an artist to select from Nature what he wishes to record and to eliminate what he considers may spoil his composition. The artist prides himself upon being free to handle the raw material supplied by Nature just as he chooses.

This I repeat, the most conventional and orthodox painter will readily admit, but in thus opening the door to freedom from restraint he should at least be logical. If an artist is free to select and to eliminate in any one particular, he is free to do the same in any other particular. If he may alter "form" he has an equal right to alter "color." This has been very successfully accomplished in one of the paintings at the exhibition, a painting of a waterfall, in which the natural color of falling water has been boldly discarded for the sake of the decorative color scheme, and a fine effect has been achieved in this way.

Summary: In the matter of perspective, both linear and aerial. There is no reason to retain either if the decorative scheme does not require it. Take for instance the picture of a red house, one of the pictures placed on the floor, in which aerial perspective has been completely eliminated in order to enhance the coloring. So far as beauty of composition is concerned, perspective is not at all necessary, as is shown in both Chinese and Japanese works of art, where in most cases both forms of perspective have been deliberately discarded with magnificent effect.

True art is free and cannot be bound by any conventional formula whatever.

PLANS PACIFIC SECTION OF FLIGHT

Col. Broome Has Been Preparing Air Map for Aviators

Notable Attempt to Fly Round the World Planned in 1923

Although planned by its originators as a pioneering flight, something in the nature of an aerial race around the edge of the civilized world will take place next year, possibly in Spring, though more likely in September, stated Col. L. E. Broome, a noted British aviator to The Times today.

Colonel Broome arrived on the Empress of Asia after effecting arrangements that are unique in the history of world aeronautics. Confining his efforts to that section of the globe "circumnavigation" from Japan to Canada, Col. Broome has maps in his possession commensurate with data that will tell the pilots of the heroic enterprise what to expect in every single mile of the 5,400 aerial adventure. Complete data on air hazards, trade winds, cloud conditions, fog and wind forecasts, and storm actions are included in this wonderful series of maps, compiled by careful and ingenious application of experience gained in many widely divergent quarters.

Three Machines.
That three if not more machines will attempt the flight is the prediction of Colonel Broome, who is acting on behalf of a private syndicate who are composed of wealthy Old Country aeronauts who will undertake the venture for the love of the sport as much as in the interests of aviation in general. It is extremely probable that the affair will be turned into the nature of a race, though that would be regretted, stated the Colonel for the Air Ministry will likely be represented, as well as one if not more of the British aircraft manufacturing companies.

The "Broome party" will fly from London on an amphibian machine traveling through France and Near East much in the same manner as recently achieved by Major Blake, who was stopped in the middle of a noteworthy attempt to circle the globe by an attack of appendicitis.

Careful Organization.
In Japan the party will keep in close touch with all land available, flying by way of the Kurile Islands to Kamchatka, thence via other small islands to the Aleutian group. The longest over water stretch of the entire flight will be from Copper Island to Attu, the latter in the Western Aleutians, this speaking volumes for the careful organization of the trans-Pacific leg of the flight. The flight will be made in easy stages, and the aircraft is to be conveyed by a mother ship. The ship will steam ahead, carrying fuel and provisions, and will make port one lap ahead of the aviators at each point. In the event of mishap or change in the schedule the mother ship will make port and set up rockets at once. The plane and the ship will be in constant wireless touch. It may be seen from this that the Broome party has gone further to make a success of the venture than any tentative suggestions to date. Complete and up-to-date organization is the base that the flyers will use to promote the success of the undertaking, and in the crossing of the Pacific, a 5,400-mile series of jumps in uncertain weather, the aviators will have the hardest trial of the world flight.

The conveying ship will serve as weather bureau for the flyers. Col. Broome favors a start in September next year, but admits that some may "push off" in the Spring. Fog is the greatest danger and to this the plans of the aviators will be made subject.

Major MacLaurin's Death.

Col. Broome was horrified to hear of the tragic death at Vancouver of Major C. MacLaurin, who was killed recently when his machine crashed at the Jericho Beach air station. The late Major MacLaurin was about the last man the Colonel spoke to at Vancouver when he was here some months ago. The head of the British Columbia air station on that occasion gave a collapsible boat to the visiting aviator, to be used in the round-the-world flight. The boat, a departure from existing types in England, was much appreciated and was to be used by Major Blake had his effort been successful.

Colonel Broome was warm in his thanks to the Canadian and Japanese Governments for their aid and support, stating he obtained the widest co-operation at every point. The Air Ministry and all aeronautical firms in Great Britain also proffered their aid, he stated. The aviator was appreciative of the services rendered to him by the C.P.R., particularly in arranging many details of his passage in the Far East. Delighted with the success of his mission, Col. Broome is en route for London to report, Juneau, Alaska, and Vancouver will be the only points of call on this coast in the world flight, it is planned.

V.O.N. DRIVE RESULTS

Somewhat disappointing results were experienced in the tag day held in the streets on Saturday in aid of the Victorian Order of Nurses. The collection amounting to only \$362.37. The subscriptions taken during the week at David Spencer's store amounted to \$230.05, making a total for the whole drive of \$592.42. The board of directors takes this opportunity of extending its grateful thanks to the members of the general public who responded to their appeal, to the taggers and to David Spencer, Ltd., for the use of space in the store.

Purity does it

Take half a cake of Sunlight, pare it into hot water in your washer and stir into a rich suds. Put in the clothes and operate the washer. Later, rinse them thoroughly, and your clothes will be beautifully clean and snowy white.
The rich coconut and palm oils blend in the secret of the Sunlight cleansing power.
Buy Sunlight—its purity saves your clothes.

DELIGHTED HUGE CONGREGATION IN WESLEY CHURCH

Mme. Lugrin-Fahey Sang Last Night; Recital Tonight, Empress Hotel

Music-lovers are anticipating with the keenest pleasure the recital to be given at the Empress Hotel this evening at 8.30 by Mme. Winifred Lugrin-Fahey, dramatic soprano, with Mrs. A. J. Gibson at the piano. It is many months since Mrs. Fahey gave a recital in this city, and she has gone to especial pains to arrange a programme of more than the usual beauty of range. She is giving several numbers by special request, and additional interest will be given by the inclusion of two numbers by J. Douglas Macey, the well-known local composer.

Mme. Fahey's talents are so well-known in Victoria, the city in which she has spent practically the whole of her life, as to render their advertisement unnecessary. Suffice it to say that she sang to a huge audience last evening in Wesley Church, Vancouver, rendering superbly the three solos, "I Know That My Redeemer Liveth," "Inflammatus" and "The Lord Is My Light."

To-night's recital is being held under the auspices of the Women's Canadian Club and half of the proceeds will be devoted to the Jubilee Hospital building fund.

FRIDAY, THIRTEENTH, FOR KUMTUKS DANCE

In defiance of the superstition connected with the day and the date and in the confident expectation that the success of the affair will prove the fallacy of the old belief, the Kumtuka Club has arranged to hold its second annual dance in the Alexandra ballroom on Friday, October 13. So successful was the initial dance last year that the members have arranged this year's function with a view to making it an annual event, and no effort will be spared to ensure the pleasure of all who attend. Heaton's five-piece orchestra has been engaged and special attention will be given to the supper arrangements. The ballroom has recently been redecorated and access to the balcony has been provided in the way of a staircase in the ballroom, and it is proposed to arrange card tables in the balcony for those who do not care to dance.

Social & Personal

Mrs. C. S. Cullen, of Ottawa, registered at the Empress Hotel yesterday.

The Misses Vera and May Trenchard and Cicely Vincent are among the late campers at Maple Bay.

Mr. Lawrence Herd, of Duncan, has been a visitor in Victoria for a few days.

Mrs. Grimmer and her infant daughter, left on Saturday for her home on Pender Island.

Mr. and Mrs. B. G. Garreth, Grand Forks, are visiting Major and Mrs. Cutler, of Quadra Street.

Mr. and Mrs. W. E. Short, of Montreal, are registered at the Empress Hotel.

Mr. Haslam, of Nanaimo, a visitor in Victoria for the latter part of the week, left on Sunday for his home in Nanaimo.

Mrs. Pierce and children who have been spending a two months' holiday in Victoria, left for their home in Seattle on Saturday.

Mrs. Higgs, of Pender Island, accompanied by her son, Mr. B. Higgs, is visiting in Victoria as the guests of the Misses Russell, Boyd Street.

Miss Nan Hales, who has been the guest of Miss Madeline Nelems, Marlborough Avenue, for the last month, returned to her home in Vancouver on Saturday.

Captain and Mrs. Basil Combe and family, who have been spending the last two months in camp at the Lagoon, returned to town on Saturday.

Mr. and Mrs. Arthur Malins and Miss Malins, who were over for the Bolton-Innes wedding, left yesterday afternoon for their home in Vancouver.

Mrs. J. Rae, of Rithet Street, with her daughter, Mrs. G. W. McMullen, of Sidney, left for a visit to friends in Seattle and Vancouever by the afternoon boat on Sunday.

Mrs. W. E. Scott, Salt Spring Island, who came over for the Bolton-Innes wedding, is the guest of Mrs. Henry Croft at "Mt. Adelaide," Dunsmuir Road.

Mrs. C. M. Haller and her little son left on the Grand Trunk boat yesterday for Seattle en route for her home in Detroit after spending the summer months in Victoria as the guest of her father, Mr. O. Weller.

Mrs. C. C. Spofford is leaving tomorrow for Tacoma, Wash., where she has been invited to represent British Columbia at "International Night" in connection with the annual

Principals In Saturday's Wedding

The smiling bride and bridegroom at the wedding of Mr. Arthur Gerard Bolton and Miss Jocelyn Byrd Innes on Saturday afternoon, caught by the photographer as they were leaving Christ Church Cathedral after the ceremony.

Jennie Turner, Mr. and Mrs. Oland, Major and Mrs. Macdonald, Miss Gwen Rant, Miss Betty Gray, Miss Ruth McBride, the Misses Helen and Betty Streetfield, Messrs. Arthur Nash, Burke and Alec. McPhillips, Somerlin Burns, Hugh Peters, Hadley, Debussy, Toby Hodgins, Ronald Jackson, Andrew Gray, Kenneth Baynair, Harry Crane, "Bun" McIlreath and Mr. Beauchamp Tye.

convention of the W. C. T. U. of Washington State.

Mrs. Sidney Elmer, of Vancouver, with her small daughter has been visiting her mother, Mrs. Watson, in this city.

The engagement is announced of Miss Alma Corbould, second daughter of Mr. G. E. Corbould, of New Westminster, and Major J. A. McIvor, chief inspector of Dominion Fisheries at Vancouver. The wedding will probably take place early in the new year.

Bishop and Mrs. Garland, of Philadelphia, made a brief stay at the Strathcona Hotel en route from the Protestant Episcopal Church convention at Portland, Oregon, where the Bishop was a delegate. Dr. Garland, before his appointment to the episcopacy, held important posts in the E. E. Church in Pennsylvania and Ohio.

On Saturday afternoon at "Broadway," 1151 Fort Street, the Rev. Dr. Campbell celebrated the marriage of Mr. William Wentworth and Mrs. Elizabeth Ashby, both of Seattle. They were unaccompanied. The bridegroom is a native of Washington, and the bride of Ohio. After a honeymoon of a few days in Victoria Mr. and Mrs. Wentworth will reside at Seattle.

Mrs. Arthur Mitchell, who is returning to New York on Wednesday after an extended visit to Hon. W. J. and Mrs. Bowser, was the guest of honor at a little dinner party given by Mrs. C. E. Thomas on Saturday evening when her guests included Mrs. George Johnston, Mrs. Arthur Burdick, Mrs. J. W. Corning, Mrs. H. Adams and Miss Innes Rodwell. On Thursday evening Mrs. Chater Payne entertained at a bridge tea at the home of her parents, Mr. and Mrs. E. B. Blackwood, Linden Avenue, when Mrs. Mitchell was the guest of honor.

On Saturday evening, following the Bolton-Innes wedding many of the guests were present at the delightful dance held at the home of Mr. and Mrs. J. S. H. Matson, Dunsmuir Road, in honor of the bridesmaids, best man and ushers. The large verandah and drawing room with their floral decorations of autumn flowers were used for dancing, the music being supplied by Heaton's orchestra. Among those present were Mr. and Mrs. Innes, the Misses Elizabeth and Maude Innes, Miss Vivian Matson, Miss Dorothy Stuart Robertson, Miss Jane Waters, Mr. and Mrs. W. E. Scott of Salt Spring Island, Mr. and Mrs. Arthur Malins and Miss Malins of Vancouver, Miss Sheila Russell of Vancouver, Miss B. M. Pemberton, Miss Peggy Hodgins, Mr. and Mrs. Andrew Molloy, Mr. and Mrs. Deniston, Mrs. A. R. Wolfenden, Miss Alice Nash, Miss Margaret Sayward, Miss Totie Day, the Misses Nellie and

ACCOMMODATION TAXED AT OPENING OF MUSICAL TEAS

Ladies' Musical Club Members Thronged Home of Mrs. Charles Wilson

Striking evidence of the popularity of the monthly musical teas arranged by the Ladies' Musical Club was furnished on Saturday, when the attendance at the first of the season's series resulted in congestion in the spacious rooms at the home of Mrs. Charles E. Wilson, The Uplands, the hostess for the occasion. In fact, so large was the attendance as to lead the executive committee to consider the advisability of discontinuing these functions at private houses, but their decision will be announced in due course.

The recent centenary of the Royal Academy of Music furnished the theme for the programme, and Miss Kate Hemming in a splendid paper on "British Musical Progress," gave a glossary of the musical feast given in London during the centenary week. The programme, illustrative of the works of musicians associated with the history of the academy, included piano numbers by Miss Merle North, songs by Miss Mungrove, Miss Harcourt, and J. Sherwood Dobbs; piano, Miss Mona Quirk; vocal and violin obligato, Mrs. Morton and Miss Young. The accompanists were Mrs. Jamie Cameron and Mrs. James.

Afternoon tea was served in the dining room, Mrs. Duncan Campbell, the president, and Mrs. Umbach presiding at the tea table, with its decorations of schizanthus, cosmos and asters.

Community Chest—Comrades J. Food and W. G. Stone, of the Great War Veterans' Association, have been elected delegates to attend meetings held in connection with the Community Chest.

IF WINTER COMES

BY A. S. M. HUTCHINSON
INSTALMENT NUMBER 61

Copyrighted—Published by arrangement with British & Colonial Press, Ltd.

Twynning breathed heavily through his nose. "Splendid! Hur! He wanted to go long ago. Well, he's gone now and I hope you're satisfied."

Sabre turned in his chair and questioned Twynning with puckered brows. "Satisfied? What on earth do you mean—satisfied?"

"You always thought he ought to go. You're one of those who've seen him off. My boy saw it."

"You're talking nonsense. I've never so much as mentioned the subject to Harold. I told you long ago that I think every man has his own judge, and sole judge, in this business."

Twynning always retracted when Sabre showed signs of becoming roused. "Ah, well, what does it matter? He's gone now. He'll be in this precious khaki to-night. No one can point at him now." He drew out a handkerchief and wiped his eyes slowly. "He stared intently at Sabre. 'I'll tell you one thing, Sabre. You wait till you've got a son, then you'll think differently, perhaps. You don't know what my boy means to me. He's everything in the world to me. I got him in here so as to have him with me and now this curse!'"

"You've repeated the stupid implication you made when you first came in."

Twynning changed to a hearty laugh. "Oh, I say, steady, old man. Don't let's have a row. Nothing to have a row about, old man. I made no implication. Whatever for should I? No, no, I simply said 'All right.' I say people have sent my boy Harold off, and I'm merely saying 'All right. He's gone. Now perhaps you're satisfied.' Not you, old man. Other people." He paused. His tone hardened. "All right. That's all, old man. All right."

Not very long after this incident occurred another incident. In its obvious aspect it was also related to the "Why aren't you in khaki?" question; Sabre apprehended in it a different bearing.

One morning he stepped suddenly from his own room into Mr. Fortune's in quest of a reference. Twynning

and Mr. Fortune were seated together in a deep conversation. They were very often thus seated, Sabre had noticed. At his entry their conversation abruptly ceased; and this also was not new.

Sabre went across to the filing cabinet without speaking.

Mr. Fortune cleared his throat. "Ah, Sabre. Ah, Sabre, we were just saying, we were just saying—His hesitation—and the pause before he had begun quite clearly informed Sabre that what he was now about to say was not going to be—precisely what he had just been saying."

"We were—just saying what a very unfortunate thing, what a very deeply unfortunate thing it is that none of us principals are of an age to do the right thing by the Firm by joining the Army. I'm afraid we've got one or two shirkers downstairs and we were just saying what a splendid thing it would be if one of us were able to set them an example."

OUTLINE OF HISTORY

The Romance of Mother Earth

TO-DAY'S INSTALMENT—13

The Humble Beginning of Brains

All the innovations that come into the history of life begin very humbly. The supply of blood vessels in the swimming bladder of the mudfish in the lower Palaeozoic torrent river, that enabled it to pull through a season of drought, would have seemed at that time to that bodiless visitor to our planet we have already imagined, a very unimportant side effect in that ancient world of green sharks and plated fishes, sea scorpions and coral reefs and seaweed; but it opened the narrow way by which the land vertebrates arose to predominance. The mudfish would have seemed then a poor refugee from the too crowded and aggressive life of the sea. But once lungs were launched into the world every line of descent that had lungs went on improving them.

So too, in the upper Palaeozoic, the fact that some of the Amphibia were losing their "amphibiousness" by a transition of breathing of their eggs would have appeared a mere response to the distressful dangers that threatened the young tadpole. The dry land for the triumphal multitude of the Mesozoic reptiles. It opened a new direction toward a free and vigorous land-life along which all the reptilian animals moved. And this vivacious, young-tending training that the ancestral mammalia underwent during that age of inferiority and hardship for them, set into motion a new, now continuing, line of perception, of which even man to-day only begins to appreciate the significance.

Significant Little Things.
A number of types of mammal already appear in the Eocene. Some are differentiating in one direction, and some in another, some are perfecting themselves as herbivorous quadrupeds, some leap and climb among the trees, some turn back to the water to swim, but all types are unconsciously exploiting and developing the brain, which is the instrument of this new power of acquisition and education.

In the Eocene rocks are found the earliest predecessors of the horse (Eohippus), tiny camels, pigs, early tapirs, early hedgehogs, monkeys and lemurs, opossums and carnivores. Now, all these were more or less ancestral to living forms, and all have brains relatively much smaller than their living representatives. There is, for instance, an early rhinoceros like beast, Titanotherium, with a brain not one-tenth the size of that of the existing rhinoceros. The latter

Drummond, and has a host of friends in Victoria made during her lengthy stay here last year as the guest of Mrs. C. E. Thomas.

Believed Drowned.

It was on an extremely hot day early in August that Miss Lindsay said to her fellow-teachers that she had started along the shore from Cartwright with her bathing suit for a spot to bathe and swim in the waters of Sandwich Bay. Because she was in the habit of taking these walks alone and was looked upon as a strong and reliable young lady quite capable of taking care of herself, no alarm was given by her absence until four or five hours after her departure from her temporary home.

Then Rev. Mr. Gordon, Church of England missionary at Cartwright, with several assistants, took a motor boat and cruised along the shore, listing spots where the young woman might have bathed or expressed the intention of doing so. Search of these spots yielded no trace of the missing teacher, but every other spot she could have possibly reached was thoroughly investigated from the sea, but without yielding a single trace either of the young lady herself or her belongings. The report of the motor boat crew created consternation in Cartwright, where Miss Lindsay was held in great affection not only by the children who had been teaching for a few weeks but by the parents, with whom she had established herself on terms of close comradeship.

Swept Out to Sea.
About two miles from Cartwright there is a small sandy cove just around the point and here it is finally believed by the residents of the locality that Miss Lindsay went to her death. Judging from the time of day that she set forth from Cartwright she must have been in this spot at dead low tide. Evidently she intended to bathe in the cove. But these speculations are very treacherous. Off that point is a number of bold, steep black rocks to be undistinguishable to the naked eye even when the ebbing tide has brought them to within a foot or two of the surface.

It is thought Miss Lindsay, driven from the natural platform, struck one of these boulders, was stunned and swept off to sea on the tide rip that sets off from shore at a tremendous pace. Her clothing, left on the rock whence she took her fatal plunge, would be swept after her by the tide rose and set it afloat in the seagulling current.

LEGION SMOKER
Veterans and Friends Enjoy Saturday Concert.

The smoking concert given by the Victoria Branch of the Canadian Legion in their comfortable club-rooms at the corner of Douglas and Johnson Streets Saturday evening was a great success in every way. Over two hundred and fifty guests were present, and the veterans and their friends had a great time.

E. L. Knott, who acted as chairman, made a brief address in which he emphasized the necessity for amalgamation of all returned veterans.

The programme was greatly enjoyed and among those who took part were the following: Mrs. E. J. Harris, pianist; Mrs. George Ingledew, Meisters, Skinner, Marshall, Impett, Ramsey, Tupman, Toulhous, Hunt and Potter. Reginald Allen's two split-dogs gave a fine entertainment. Refreshments were served, and everyone enjoyed the evening's entertainment.

The programme was greatly enjoyed and among those who took part were the following: Mrs. E. J. Harris, pianist; Mrs. George Ingledew, Meisters, Skinner, Marshall, Impett, Ramsey, Tupman, Toulhous, Hunt and Potter. Reginald Allen's two split-dogs gave a fine entertainment. Refreshments were served, and everyone enjoyed the evening's entertainment.

is by no means a perfect type of the attentive and submissive student, but even so it is ten times more observant and teachable than its predecessor.

This sort of thing is true of all the orders and families that survive until to-day. All the Calozoic mammals were doing this one thing in common under the urgency of a common necessity; they were all growing brains. It was a parallel advance. In the same order or family to-day, the brain is usually from six to ten times what it was in the Eocene, ancestor.

The Eocene period displayed a series of herbivorous brutes of which no representative survives to-day. Such were the Titanotheres, the Titanotheres. They were ousted by more specialized graminivorous forms as grass spread over the world.

In pursuit of such beasts came great swarms of primitive dogs, some as big as bears, and the first cat, one in particular (Smilodon), a small fierce-looking creature with big canine teeth, the first sabre-toothed tiger, which was to develop into greater things. American deposits in the Miocene display a great variety of camels, giraffe camels with long necks, gazelle camels, llamas and true camels.

When America Joined Asia.
North America, throughout most of the Calozoic period, appears to have been in open and easy communication with Asia and Europe.

glaciers of the Great Ice Age, and then the Bering Strait, came to separate the two great continental regions, the last camels were left in the old world and the llamas in the new.

In the Eocene, the first ancestors of the elephants appear in northern Africa as small, crested, more elliptical trunked animals, the elephant's trunk dawned on the world in the Miocene.

Through millions of simian generations the spinning world circled about the sun, slowly its orbit, which may have been nearly circular during the equable days of the early Eocene, was drawn by the attraction of the circling outer planets into every other elliptical form, its axis of rotation, which had always heeled over to the plane of its orbit, as the mast of a yacht under sail heels over to the level of the water, heeled over by imperceptible degrees a little more and a little more. And each year its Summer point shifted a little further from perihelion round its path.

These were small changes to happen to a one-inch ball, circling at a distance of 230 yards from a flaming sun nine feet across, in the course of a few million years. They were changes an immortal astronomer in Neptune, watching the earth from age to age, would have found almost imperceptible. But from the point of view of the surviving mammalian life of the Miocene, they mattered profoundly.

The Earth's Increasing Chill.
Age by age the Winter grew on the whole colder and harder and a few more logs relative to the Summers in a thousand years; age by age the Summers grew briefer. On an average the Winter snow lay a little later in the Spring each century, and the glaciers in the northern mountains gained an inch this year, receded half an inch next, came on again a few inches.

The Record of the Rocks tells of the increasing chill. The Pliocene was a temperate time, and many of the warm-loving plants and animals had gone. Then, rather less deliberately, some of the same inches every year, the ice came on. All arctic fauna, musk ox, woolly mammoth, woolly rhinoceros, lemmings, usters in the Pleistocene. Over North America and Europe and Asia alike, the ice advanced. For thousands of years it advanced, and then for thousands of years it receded, to advance again.

Europe down to the Baltic shores. Britain down to the Thames. North America down to New England, and more centrally as far south as Ohio. Day for ages under the glaciers. Enormous volumes of water were withdrawn from the ocean and locked up in those stupendous ice caps so as to cause a world wide change in the relative levels of land and sea. Vast areas were exposed that are now again sea bottom.

The world to-day is still coming slowly out of the last of four great ice ages. It is not growing warmer steadily. There have been fluctuations. Remains of bog oaks, for example, which grew two or three thousand years ago, are found in Scotland at latitudes in which not even a stunted oak will grow at the present time. And it is amid this crescendo and diminuendo of frost and snow that we first recognize forms that are like the forms of men.

The Age of Mammals culminated in ice and hardship and man. Published by arrangement with the McClure Newspaper Syndicate.

To-morrow—The Riddle of Man's Origin.

MARRIED IN WINNIPEG

The following wedding announcement from The Winnipeg Free Press of recent date will be of much interest to local friends of the bride, who is the granddaughter of Mrs. S. J. McConnell, 2099 Granite St., Oak Bay: "A pretty house wedding took place at 294 Kingsway at 6 o'clock last evening, the principals being Miss Vera Walker, eldest daughter of Mr. and Mrs. W. H. Walker, and Dr. Douglas Brown, son of Dr. and Mrs. J. L. Brown, of New Hamburg.

Quantities of asters and gladioli in mauve and rose tones were used to decorate the rooms. Rev. C. R. McNally, D.D., officiated, and during the signing of the register Mrs. R. D. McCaw, of Victoria, sang "Because" to the accompaniment of an orchestra, which also played the processional and recessional music. The bride, who was given in marriage by her father, wore a gown of tulle and lace, with a black hat trimmed with silver trimmings. She wore a picture hat of the same tone trimmed with ostrich feathers, and carried a bouquet of pink roses. Dr. Charles Moore performed the services of a bridesmaid. A reception followed the ceremony, the bride and groom being seated at a table in the centre of the room, with the bride's mother, who was given in marriage by her father, wore a gown of tulle and lace, with a black hat trimmed with silver trimmings. She wore a picture hat of the same tone trimmed with ostrich feathers, and carried a bouquet of pink roses. Dr. Charles Moore performed the services of a bridesmaid. EMPEROR LINER TO BE CONVERTED AS AN OIL BURNER

New York, Sept. 25.—The Todd Shipyards Corporation to-day announced orders for the immediate conversion of the Emperor liner into an oil burner. The ship, which is the Canadian Pacific liner Empress of Scotland, is one of the United States Line, four the Southern Pacific fleet and one Mallory liner.

Five of the new Standard Oil tankers built two years ago and named after Canadian provinces and cities have been changed to Canadian registry. The tanker Albertolite, which has just discharged a cargo of oil at Vancouver, is among the number. The others are Torontolite, Calgarolite, Victrolite and Vancolite.

SCHOONER SPEEDWAY IS EXPECTED IN THE ROYAL ROADS

That the schooner Speedway is expected to come to the Royal Roads before going on berth for her next ocean voyage, is indicated by the fact that considerable mail has been forwarded here in anticipation of her arrival.

The schooner was reported last week-end putting into Neah Bay, at the entrance to the Straits of Juan de Fuca.

The vessel loaded at Vancouver last October for offshore.

OFFICERS OF R. M. S. P. TYNE EN ROUTE HOME

Tyne, Formerly Monmouthshire, Sold to Japanese at Kobe

Passenger Cargo Carrier Will Engage in Lumber Trade

En route for Southampton, after taking the Tyne to Kobe, and handing her over to her new owners, a Japanese syndicate whose identity remains undisclosed, Captain E. Foster, of London, England, and ten officers arrived on the Empress of Asia to-day. The ship's officers will route East through Canada and pick up their own liners at New York for crossing to Southampton.

The party includes Captain E. Foster, master; D. G. Casey, chief officer; W. Cox, J. B. Berry, A. Heymalbach, B. Ingram, second officer; C. Macpherson, R. C. Medway, A. N. Wilson, and R. Thomas, chief engineer.

The Tyne was formerly the Monmouthshire, of the Royal Mail Steam Packet Company, and was sold to Japanese interests to engage in the lumber trade in the U. S. lumber trade across the Pacific. She was renamed last year, and still operated until her sale in the service of the R. M. S. P. line in China seas.

The Tyne was built by the Sunderland Shipbuilding Company at Sunderland, and is a twin screw, triple cycle steamer of 5,779 tons, her length over all is 400 feet, beam 52 feet, and molded depth of 20.1 feet. She is registered at London, her home port.

The Tyne sailed from Southampton for Barry, thence to Sabang, Sumatra, and finally to Kobe, making the voyage in fine time in fair weather. She was a passenger carrier, and at big expense, so in former days and as the Monmouthshire, is well known all over the shipping world.

Many of the officers and engineers now returning to the Old Country have seen brilliant and extensive war service in the British Merchant Marine.

MAY SEND CREW TO-BRING TOWBOAT FROM MONTREAL

Vancouver, Sept. 25.—A Fall and Winter cruise from the St. Lawrence River to Vancouver is in store for a few Vancouver men, according to present plans of the Harbor Board. It is understood that the tugboat which has been allotted to this port will be ready for sea on October 15 and it is believed it would be wise to send a Vancouver crew to fetch her out.

The tugboat, though not yet named, is known to be a very powerful vessel with deep sea qualities. She is a twin-screw oilburner and will have a speed of ten to eleven knots. It is planned here to have officers and crew ready at Montreal to take her when she is prepared for sea about the middle of October.

RELIEF VESSEL DRIFTING IN ICE

Stefansson Concerned About Schooner Teddy Bear

New York, Sept. 25.—Vilhjalmur Stefansson received a telegram today informing him that the schooner Teddy Bear, which left Nome, Alaska, four weeks ago to succor the members of his party whom he left on Wrangel Island, had been caught in the ice and had been sighted drifting in a northwesterly direction off the Siberian coast.

The explorer was much concerned about the situation of the three white men and party of Eskimos on board. As to the four white men and their Eskimos from his expedition left on Wrangel Island, he said they were well stocked with ammunition with which to obtain food. If their situation became serious, he pointed out, they could reach help by an 800-mile sledge drive, although this could not be undertaken before February. Mr. Stefansson's news to-day was based on a wireless communication from Siberia and reported that reindeer hunters had sighted the Teddy Bear in the ice. The very fact that she was in the ice was evidence that she had not been able to reach Wrangel Island.

TRANS-PACIFIC MAIL

The trans-Pacific mail sailings have been listed for September. The schedule and closing times run as follows:

President Jackson—Mails close Sept. 2, due at Yokohama Sept. 14, Shanghai Sept. 14, Hongkong Sept. 14.

Empress of Russia—Mails close Sept. 7, due at Yokohama Sept. 19, Shanghai Sept. 22, Hongkong Sept. 22.

Yokohama Maru—Mails close Sept. 8, due at Yokohama Sept. 24, Shanghai Oct. 1, Hongkong Oct. 1.

President Grant—Mails close Sept. 15, due at Yokohama Sept. 28, Shanghai Oct. 2, Hongkong Oct. 2.

Empress of Australia—Mails close Sept. 22, due at Yokohama Oct. 10, Shanghai Oct. 17, Hongkong Oct. 20.

Manila Maru—Mails close Sept. 22, due at Yokohama Oct. 9, Shanghai Oct. 20, Hongkong Oct. 23.

President Jefferson—Mails close Sept. 20, due at Yokohama Oct. 12, Shanghai Oct. 17, Hongkong Oct. 21.

Empress of Asia—Mails close Oct. 1, due at Yokohama Oct. 16, Shanghai Oct. 20, Hongkong Oct. 26.

Australia and New Zealand.

Tahiti—Mails close Sept. 24, 4 p. m., via San Francisco.

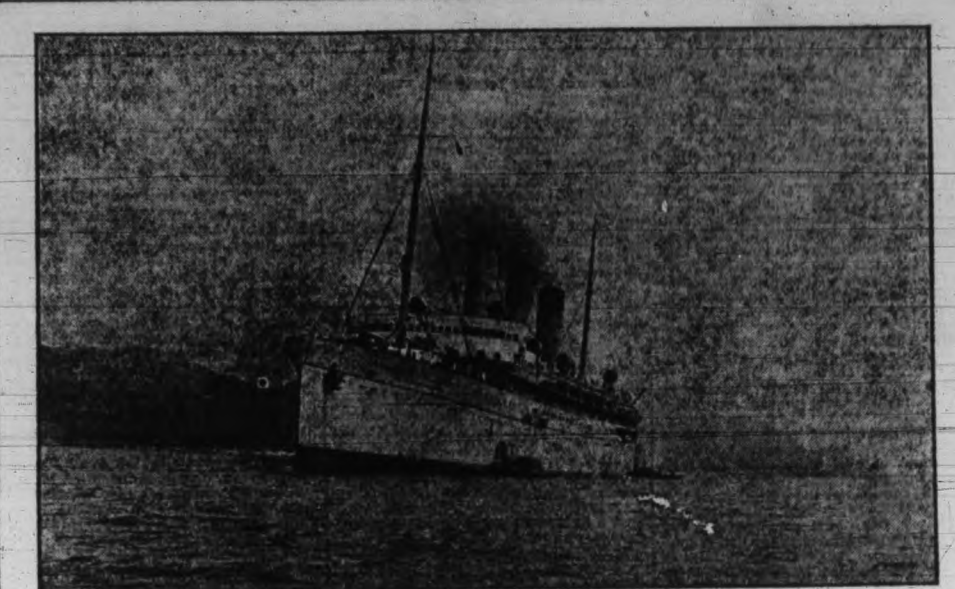

Ventura (Australia only)—Mails close Sept. 24, 4 p. m., via San Francisco.

Niagara—Mails close Sept. 23, 3:30 a. m., direct.

Maunani—Mails close Oct. 2, 4 p. m., via San Francisco.

News from the Ocean Lanes

MADE PORT TO-DAY FROM ORIENT

R. M. S. EMPRESS OF ASIA

NEW SEARCH FOR SUNKEN TREASURE

Specie and Jewels in Tobermory Bay Objective of Salvage Men

London, Sept. 25.—(By Canadian Press)—Search is once more being made for supposed sunken treasure in Tobermory Bay, where the Spanish ship Almirante de Florencia was sunk after the result of an explosion. The Almirante de Florencia ran into Tobermory Bay to replenish it was thought that she contained specie and jewels to the value of about \$300,000, and orders were given to prevent her escape. An explosion, however, occurred on board, and after taking fire she went to the bottom of the bay in sixty feet of water.

Several attempts have been made to discover whether the wreck contains treasure that may be recovered, but these have not been carried to a successful conclusion. The present operations are being carried out by a syndicate with the best available machinery, and at big expense. So far actual timbers of the ship have been encountered. Recently a heavy piece of timber which is supposed to have formed part of a mast was taken up.

The operation consists chiefly of cutting down with a circular saw everything in the old ship that may be cut, and bringing it all to the surface by means of a suction pump. The spoil is then run into a large box with sluices in the stern of the salvage steamer Lincoln, where men with rakes take all solids to one side for careful examination. The work is in charge of Captain Ross, harbor master of Dover, assisted by Commander Strickwood, R. N., and all the officials engaged are men skilled in salvage enterprises. Three expert divers are engaged in the work.

By virtue of an old law the Duke of Argyll has a claim on the treasure, if there is any treasure brought to the surface, and his representative examines everything that comes up. Now that the timbers of the Almirante de Florencia have been cut into great care is being taken in the inspection of all that comes to the surface, as it is thought that the cutting machine may damage boxes with contents of value. The work is being carried on with a good deal of energy, so that the question of whether the wreck contains bullion may not be far from being solved. Two bronze cannons have been brought up by the divers and important discoveries are anticipated at any moment.

ROYAL MAIL SHIP IN PORT TO-DAY

The Glamorganshire, of the Royal Mail Line, is due to arrive in port this afternoon from European ports via the Panama Canal and San Francisco. She has 125 tons of general freight to unload here, and will take on some 50 tons while here. The Glamorganshire will be followed by the Holland American motorship Dintelyk, which is expected here in about two weeks time. The Dintelyk has considerable freight for Victoria.

SMALL CRAFT HAD PERILOUS VOYAGE

Converted Submarine Chaser Hopkins Brothers at San Diego from England

Nine Months on Trip Out to Coast; Bound to Vancouver

San Diego, Cal., Sept. 25.—Nine months out from England, the converted submarine chaser Hopkins Brothers arrived here to-day, bringing the story of the long winded trip from the British Isles to the coast of Canada. The ship was forced to signal for assistance.

New Boilers at Asores. Obtaining aid from a passing ship, the Hopkins Brothers arrived at the Asores at the end of a long voyage. A call was sent to England for new boilers and a number of prominent businessmen from the Stock Exchange at Hongkong; C. R. Burkill and Mrs. Burkill, prominent in the financial world at Shanghai, and a number of prominent businessmen from Chinese and Japanese points.

Her Cargo. The Empress cleared from Yokohama on September 16 at noon with some 4,000 tons of general cargo and nearly 4,000 bales of silk. The Asia brought 320 bales of mail for Seattle, and nine for the aerial postman, Eddie Hubbard, who arrived simultaneously with the ship. Some sixteen bales of local mail were put off here also.

SEIZURE OF CANADIAN VESSELS PROTESTED

Ottawa Hears of U.S. Cutters' Activities Outside Three-mile Limit

Ottawa, Sept. 25.—Protests have been received by the Canadian Government in regard to the seizure of Canadian vessels on the high seas by prohibition enforcement officers of the United States. No definite action has yet been taken by the Government in regard to these protests, but it is thought a communication probably will be sent to the Washington authorities and also the British Government. The understanding here is that Canadian vessels outside the three-mile limit are not subject to interference from United States prohibition enforcement vessels.

CRAFTSMAN IS NEARING PORT

The Harrison Direct Line freighter Craftsman, ex-Croft of Toledo, will arrive here to-night or early to-morrow morning with general freight from the United Kingdom. The vessel left San Francisco at 11 p.m. September 22. The Craftsman will be followed out here by the Astronomer, which is due October 15.

MADISON WILL DOCK TO-MORROW

Admiral Liner Is Expected Along from Orient Tuesday Afternoon

Coming on from the Orient the Admiral liner President Madison, Capt. Thomas P. Quinn, will arrive in port to-morrow afternoon, according to information received to-day by William Allan, general agent here for the company. At 8 o'clock last night the liner reported 550 miles out from Seattle. The Madison sailed from Yokohama September 16, the same day as the C. P. S.S. Empress of Asia, which docked here early this morning. The schedule of the President Madison calls for her arrival here Tuesday morning. She is not making her usual speed this voyage. The Admiral liner has about 70 saloon passengers and 150 Orientals in the Jefferson, while her cargo includes some 4,000 bales of raw silk.

Jefferson Out Saturday. Next Saturday afternoon the liner President Jefferson, Capt. Francis R. Nichols, will get away from this port on her outward voyage to the Far East. Among the Jefferson's passengers will be two prominent clergymen returning to their posts in Japan and China. These clergymen are Bishop John McKim, of Tokio, and Bishop Frederick R. Graves, of Shanghai, both of whom were ordained bishops in 1922.

The Jefferson is also taking out a full cargo for Japan, China and the Philippines.

NEWS IN BRIEF

Ministering Circle.—A meeting of the King's Daughters' Ministering Circle will be held in the Rest Room on Friday afternoon at 2.45.

Princess Patricia Lodge.—Princess Patricia Lodge, No. 238, Daughters of St. George, are making arrangements to have a whist drive at the home of Mrs. Coleman, 1951 Johnson Street, on Friday.

Lady Douglas Chapter.—The regular monthly meeting of the Lady Douglas Chapter, I. O. D. E., will be held at the headquarters to-morrow afternoon at 3.30, when a good attendance is requested.

Elks Dance.—What promises to be a pleasant social event is the Elks Lodge dance on Thursday evening next. Heaton's orchestra will supply the music and refreshments will be served. Elks and their friends are cordially invited to be present.

Outdoor Tactical Exercises.—An outdoor tactical exercise will be held for officers of the non-permanent active militia commencing Saturday, September 30 and terminating Sunday, October 1, according to military orders.

Royal Review.—Royal Review No. 18, W. B. A. will hold the regular meeting to-night at 8 o'clock, in Harmony Hall, 1001 West Street. After the meeting a social will be held. Members can bring their friends after 9 o'clock.

St. Mark's W. A.—A silver tea under the auspices of St. Mark's W. A. will be held at the home of Mrs. R. R. Watson, 3247 Tenneyson Avenue, on Wednesday afternoon, from 3 until 6 o'clock, in aid of the church funds.

Armenian Relief.—Miss Caroline Macklem extends very grateful thanks for the following gifts to Armenian relief: Miss Saunders, Esquimalt; St. Mrs. Chivers, 506; R. J. S. California, St. Mrs. Bromley, St. Mrs. Etam, St. Anonymous, \$1.50; A Friend, \$2; C. A. White, Qualicum Beach, \$10.

Taxation Meeting.—The Trades License commission of the Victoria Chamber of Commerce has called a public meeting of local merchants at the City Council Chamber at 8 o'clock to-morrow evening, when the whole question of the Council's proposals to change the system of taxation, and base it on a rental calculation, will be discussed.

Kiwanian Luncheon.—The Kiwanis Club will hear an excellent address to-morrow at their luncheon at the Dominion Hotel when E. Howard Durwin, B.A., will speak on the subject: "The Spirit of Co-operation and Its Relation to Community Development." Cecil Heaton will have an augmented orchestra in attendance, and Tom Morrison will lead the singing.

Meeting Cancelled.—The meeting of the Crusaders announced to take place this evening has been cancelled, and all Crusaders are asked to attend the Empress League rally in the tent at the fair, commencing at 8 o'clock, when an address will be given by Dean Quinlan. Seats will be reserved for the Crusaders. The regular meeting will be held at the club next Monday evening.

Chinese School Entered.—That boys had broken open a window in the rear of the new Chinese School at Railway Street was reported to the police to-day by Peter Riddell, supervisor of city schools. The report was investigated by Acting Detective Rogers and McLean when it was found that the window had been forced. As far as could be seen nothing had been taken.

For Fifth Year.—An interesting and musical feature associated with the recent Fall Fair at the Willows was the fact that Thomas Beattie's orchestra played at the Home Products display for the fifth year in succession. This popular organization played a high standard of programme in the afternoon and evening of each day of the fair. Mr. Beattie is well known in local musical circles.

BRONCHIAL ASTHMA

One of the most uncomfortable complaints of the season can be readily eliminated. A most efficient remedy for Hay Fever and Bronchial Asthma is sold at the Hillside Pharmacy, corner Quadra and Hillside.

Gonzales Chapter.—A special general meeting of the Gonzales Chapter, I. O. D. E., will be held to-morrow morning at 10.30 in the headquarters, to deal with important business.

Repair of Submarine Cable.—The cable barge Iwalani has been taken out on account of trouble developing in the submarine cable between Orcas and Lummi Islands, which is the lower toll route to Vancouver Island, says Telephone Talk. There is 21,638 feet of cable between these two islands, and the trouble was located 4,500 feet from Orcas Island. The repair gang was out thirteen days, delay being caused in the work by fog.

To Health Centre.—The Ward Two, Saanich, Cottage Gardeners has donated their Fall Fair exhibit of fruit and vegetables to the Health Centre at Royal Oak. The gift is a timely and acceptable one, and is gratefully acknowledged by Mrs. Lucas, the matron. Mrs. Lucas has been busy distributing the produce to needy persons in Saanich so much of the fruit and vegetables as the patients and staff of the hospital will not be able to use.

Royal St. George Society.—The Royal Society of St. George, Ladies Auxiliary, is preparing a very interesting programme for Tuesday evening, September 26, at the Campbell Building, at 8 o'clock. A concert at which Dean Quinlan will preside, followed by cards and dancing form the main features for the evening's entertainment. All members are invited to be present. Refreshments will be served during the evening.

Joanna Southcott's Prophecies.—P. G. Smith, of the Carpenter's Lodge, No. 1, San Diego, Cal., was in Victoria Saturday afternoon and left again that day for Seattle. Mr. Smith called at the Times office and stated that he had attended the meeting of the Protestant Episcopal Church bishops in Portland to advocate their passing a resolution in favor of petitioning the bishops of the Church of England to open the box of sealed writings left by Joanna Southcott, the famous prophetess of the early years of the nineteenth century. The decision of the bishops was not communicated to him.

Kumtuku Club.—Members of the Kumtuku Club at its fortnightly luncheon to-day were much interested in the reading of Alderman Tait's report on the Greater Victoria scheme, which will be discussed by the Club at a later date. The next business meeting of the Club will be on October 18. On October 7 the members have been invited to visit the Protestant Orphans' Home when they will formulate a scheme for "adopting" the orphans and acting as "Big sister" to them.

Scottish Concert.—Arrangements for the first of the series of Scottish concerts and dances to be held this winter by the St. Andrew's and Caledonian Societies are now well under way. The Rev. Dr. Campbell will preside at the first concert on Friday at the Caledonia Hall. The Caledonia Juvenile pipe band, under Pipe-Major A. Wallace and Drum-Major Hutchison, will take an extensive

Mme. Fahey Endorses the Great Steinway Piano

At her Recital in the Empress Hotel to-night Mme. Winifred Lugrin-Fahey will render selections from her extensive repertoire which we know will be received with the utmost appreciation by her audience, for her's is a voice that is not surpassed by any other concert artist in Canada to-day.

Mme. Fahey, it will be noted, is in accord with the world's most celebrated musicians, for the accompaniment instrument of her choice whenever she appears is the great Steinway & Sons' Concert Grand Piano. Since the days of Rubenstein and Wagner the Steinway has always been the chosen instrument of the world's most celebrated artists. To-day, Paderewski, Hofmann and a hundred other musical celebrities appear in concert only where the Steinway is provided.

MAYOR TO ASK SHOW-DOWN ON HIS NEW PLANS

Urges Approval of Local Government Board and Control Board System

Endorses Morley Proposals; Would Consider City Insurance Business

Creation of a Local Government Board, inauguration of the Board of Control system here and complete revision of the present system of assessing land—all these proposals will be laid before the City Council by Mayor Marchant to-night.

The Mayor is anxious to have the Council endorse or reject these plans immediately so that he will know the aldermen's attitude before he attends the annual convention of the Union of British Columbia Municipalities in Kamloops soon. That there is no hope for his Board of Control suggestion was admitted on all sides at the City Hall to-day, while the creation of a Local Government Board to supervise municipal financing is unpopular with many leading aldermen. How the Council will regard the Mayor's suggestion that the city assessment be based on the value of "key" lots to be chosen in every city district remains to be seen.

In announcing this morning that he would ask for a show-down to-night on these matters, the Mayor announced also that he had been favorably impressed by proposals advanced by ex-Mayor Morley during the last few days. The Mayor said that the suggestion that the city should go into the fire insurance business should be considered but that he was rather doubtful about the city going into the transportation and light business. "I agree with nearly everything Mr. Morley says," the Mayor declared. "The more one examines Dr. Shortt's report the more one is forced to the conclusion, with Mr. Morley, that a great deal of criticism are merely 'verbiage'."

Single Tax.—The abolition of the tax on improvements was not brought about by Henry George men. As far as I can recall there was but one of such men on the Council for many years who represented that school of philosophy known as single tax. There was, however, a general opinion in the city at the time against the improvement tax and the overwhelming vote that overthrew it is the proof of that feeling. It was felt that there was no necessity for the tax and that its abolition would be of immeasurable benefit to the city, by stimulating the production of improvements.

Then the war came and speculation rushed from land to war opportunities. Building in all our cities and in the Old Country practically ceased. Hence there was no demand for vacant lots. Then the moratorium came, further depressing land values, then the foolish and unwise withholding of land from tax sales by the City Council and the further depressed the land market. The city forced a perfect avalanche of land and houses upon the market when there was no real market to receive them.

Street Car Business.—"I am much impressed with Mr. Morley's constructive policy suggestions but I greatly doubt the wisdom of embarking into the street passenger traffic, the electric light, power and gas businesses at the present time. The whole question of transportation is in a state of flux and it may be judicious not to enter upon such enterprises." The Mayor recalled that in 1896 he had urged the Council to con-

Yankees and Giants Can Pick Off Their Second Consecutive Championships By Winning Any One Of Their Remaining Games; St. Louis Cards Gave Giants Trimming Yesterday, Roger Hornsby Hitting Two Home Runs, Bringing His String to 42

New York, Sept. 25.—New York's prospective world's series contenders, the Yankees and Giants, are separated to-day by the narrowest of margins from a dyed in the wool, mathematically certain hold on the 1922 championship in the National and American Leagues.

The Giants can clinch the pennant for the eighth time since 1904 by winning only one of the two games scheduled with the St. Louis Cardinals to-day. They could then lose all seven of their games while Pittsburgh won all three of its unplayed contests and still finish a game ahead of the Pirates, who are idle to-day.

SPECIAL MEETING OF ALL FOOTBALL DELEGATES CALLED

All delegates to the Victoria and District Football Association are requested to attend a meeting to-morrow night at 8 o'clock at the Victoria Hotel. All entries for the different leagues must be in accompanied by entrance fees. For First and Second Division, the fee is \$10, and for Juniors \$5. The registration forms will also be on hand so that the managers can sign their players.

PEDEN BROS.

719 Yates Street BICYCLES, SPORTING GOODS, TOYS Phone 317

Paris, Sept. 25.—The sporting world of France is acclaiming a new hero, Battling Siki, the Senegalese fighter, who yesterday won the heavyweight championship of France by defeating Georges Carpentier in the sixth round of what was to have been a twenty-round bout.

This morning's papers agreed that Carpentier was completely outwitted by the negro and the latter is given great credit for his rugged fighting qualities and aggressive ring tactics.

The physical makeup of Siki has been likened to that of the leopard. In action his great muscles play fascinatingly under a dark skin. He is extremely fast of foot and is wont to make great leaps when evading the punches of an opponent. This form is in striking contrast to the graceful Carpentier, whose foot movement is that of the dancer. Siki is typical of the brigades of picked Senegalese soldiers brought to the western front during the war. Stalwart, possessed of great strength and endurance, and an irresistible foe when excited, he crouches and bundles together his massive muscled shoulders, much after the fashion of Jack Dempsey.

A broad grin, exposing perfect white teeth, lights up his face as he goes into combat. At times this grin narrows until it becomes somewhat of a leer, perhaps intended to frighten an adversary.

Always Successful.

In all his ring engagements in France Siki has been successful. But in none of them prior to his bout with Carpentier did he display any terrific punching powers. He knocked out Harry Reeve, a former heavyweight boxer of England, in the sixth round of a match in Marseilles and received the decision over Marcel Nilles in fifteen rounds in Paris. After the latter bout Carpentier's manager, Francois Deschamps, who is credited with being a good judge of fighting ability, asserted that Siki was such a poor fighter that he would not permit Carpentier to meet him. Siki also outpointed Paul Journee, the French heavyweight.

The success of Siki has started talk of a match between him and Harry Wills, the English heavyweight, who is being groomed as a prospect for a championship bout with Dempsey.

Siki comes from Senegal, a French colony in Western Equatorial Africa. Carpentier never had a chance after the third round. He was barely able to respond to the bell at the beginning of the sixth.

With his right eye completely closed and his nose broken, he was unable to put up a guard.

In the sixth, the negro fighter planted a series of terrific rights on Carpentier's head and the French idol crumpled to the floor. One of his legs caught between the legs of the negro while he was falling. He lay motionless for a moment and then he was hoisted on his shoulders and carried to his corner.

The crowd, the largest that ever witnessed a boxing contest, sensed the end when the men entered the ring and the crowd was dumbfounded when they saw their idol of the ring pummeled all over.

Georges Tried All His Tricks. Carpentier tried every trick of his ring knowledge to stave off defeat. Twice he was warned for tripping during the fifth round. It seemed evident that he was anxious to be disqualified by a referee rather than to suffer the ignominy of a knockout. When his subtleties became apparent, the crowd, which had previously been pulling for him, jeered and booed him and cheered the negro.

When the gong sounded at the commencement of the fight, Siki appeared timid. He crouched up in front of Georges' terrible right. The Senegalese took courage after receiving four rights to the jaw which failed to make the slightest impression on him. Carpentier's face took on a puzzled look as the burly battler took his blows and came back looking for more. So confident was Carpentier of ultimate victory, however, that he

was smiling as he went to his corner when the gong ended the first round. "I'll get him whenever I want to," he said to Deschamps, his manager. Carpentier Looked Sick.

The French champion appeared thin. His complexion was sallow and his face drawn, but he had stripped in good condition for the fray, somewhat "fine." His weight was announced at 173½ pounds and Siki's 174.

Siki stripped, looked a picture of health and condition. The boxing federation last night declared that Battling Siki was the light heavyweight champion of the world and the heavyweight champion of Europe. It announced that it intended sending a regular challenge for him to meet all comers to the American authorities.

At the end of the bout Siki was remarkably fresh and bore no signs of the encounter.

Bring On Dempsey. "You had better cable Mr. Rickard to-night that I am willing to fight Dempsey any day," said the Senegalese to the Associated Press correspondent.

Siki fought a clean and fair battle. He had the crowd with him in the last two rounds, especially after he had lifted Carpentier from the floor when the Frenchman was virtually helpless in the fifth. As he placed Siki on his feet, the Frenchman swung blindly a wicked left to Siki's jaw. This caused the crowd to hoot and cheer Carpentier.

Saved a Black Eye. The reversal of the first decision of the referee in giving the bout to Carpentier on an alleged foul, probably saved the boxing game in France from a black eye, as the crowd apparently was unwilling to countenance a fairly defeated man, completely out and helpless, being declared the winner.

This was particularly true by reason of the fact that there had been two other disqualifications in the preliminaries, both fighters who profited by the decisions belonging to the referee of Deschamps, Carpentier's manager. The two men who received the favorable decisions were Pritch, who won the Olympic featherweight title in 1920; Billy Mercier, of England, was declared to have hit him low in the third round, and Charley Ledoux, who was declared winner over Benny Thomas, of England, in the eighth round for lack of fighting spirit on the part of the Englishman.

The Fight By Rounds. In the first round Siki rushed out of his corner and met Carpentier before the referee had been able to get in his chair. Carpentier, however, caught the black man with two straight rights. Siki covered up and then went down to one knee from a light left. The referee ordered him up.

When Battling Siki knocked Georges Carpentier to the canvas in the sixth round of their fight in Paris yesterday he just about wrote final to the fighting life of the gallant Frenchman. Although Georges is now in disfavor with Paris fans it must be admitted that his ring exploits have been without parallel in the history of prize-fightings. He started fighting in the mining city of Lens, a city well known to Canadians who served in France. He began as a flyweight and fought through every class until he became a heavyweight. He won the French championship in every class. As he filled out his frame he graduated into the heavier classes. He was one of the greatest fighters in the world when the Great War broke out. He held until yesterday. Siki now is the title-holder. Carpentier was later coaxed into a match with Jack Dempsey and everyone knows the outcome of that bout. Early this year he met and defeated George Cook, the Australian-heavyweight champion, in London in four rounds.

Carpentier had plenty of pluck and courage. His one drawback was that his physique did not develop sufficiently to make him a real heavyweight. If he had had an additional 20 pounds he would more likely have achieved the ambition of his heart, and won the world's heavyweight title.

It has been known for some time that Carpentier has had trouble in keeping himself in real fighting trim. He has had considerable sickness and some of his fights have had to be postponed. He has always kept himself so immaculate that it seemed difficult to associate him with the ring. After a fight his marks were always removed by beauty doctors, so the report goes. Of late he had fallen into the bad books of his former admirers in Paris.

But after all is said and done Carpentier was a remarkable fighter. The critics in the United States, who do not give anything more to an outsider than he can possibly help, admitted that the Frenchman was the most remarkable man of his world in the fighting business to-day. But there's an old saying and a true one, that every dog has his day. Carpentier has missed a big fortune and he is supposed to be interested in a firm which manufactures aluminumware, so that he hasn't got as bad an outlook ahead of him as many other individuals on this planet.

wandered to his corner. Also he had lost his confident smile.

In the third round Siki rushed from his corner toward Carpentier. Carpentier backed away and sparred cautiously. Then he feinted with his left and, obtaining an opening, drove a hard right to Siki's jaw. The negro dropped to one knee and took a count of seven. Then he hopped up and caught Carpentier with left and right swings to the stomach. Carpentier went down and took a count of four.

When the Frenchman arose he plainly was groggy. Siki, seeing his advantage, showered rights and lefts upon him, always playing for the stomach. He had Carpentier gasping for breath and staggering at the end of the round.

Peer Old Georges. In the fourth round Siki pummeled Carpentier all over the ring. The Frenchman was barely able to withstand the punishment. He was bleeding, his right eye was closed, his nose flat, and his mouth was all the known tricks of his long experience. He endeavored to hold the arms of the negro under his own arms, but Siki was too strong for him. He missed many blows that would have ended the bout had they landed. Meanwhile Georges occasionally shot wicked rights at Siki, but his opponent, who, however, failed to show him up. Up to this time, the negro showed no marks of punishment.

CARPENTIER TOOK FIGHT AS A JOKE

Is in Bed To-day as Result; Deschamps Says Lucky Punch Did It

Paris, Sept. 25.—Georges Carpentier, knocked out by Siki yesterday afternoon and deprived of his title as heavyweight champion of Europe by the unexpected victory of the hardy Senegalese, said today that he had not tried to play with Siki he would not have been hit in the third round by a lucky punch that dazed him.

His manager, Francois Deschamps, is already out, however, for a return match with the victorious Senegalese. "It is all his fault; it is a good lesson for Georges," Deschamps said today. "If Carpentier had not tried to play with Siki he would not have been hit in the third round by a lucky punch that dazed him."

A Costly Joke. Carpentier is blamed severely by all the sporting writers for taking the fight as a joke. They remark that Carpentier seemed drunk, he had nothing to do but play to the gallery for the benefit of the moving picture men and that he could "get" Siki when he wished.

None of the writers, suggest, however, that Carpentier could whip Siki in a return match.

FIFTH REGIMENT WINS HIGHLANDERS' TROPHY

The Fifth Regiment Rifle Association won the Gordon Highlanders' trophy in a special match with the Canadian Scottish and the Garrison at Clover Point on Saturday afternoon. The artillery men had a ten-point advantage over the Scottish at the conclusion of firing at three ranges. The Fifth Regiment piled up a big lead on the short range, while the Scottish were the better at the middle range. At the long range the Garrison were easily the best. The scores were as follows:

Fifth Regiment, C.G.A.		
Major Richardson	500 500 500	1500

C.P.R. Cricketers Defeated Local Champions in Vancouver Match

Vancouver, Sept. 25.—Canadian Pacific Railway, Vancouver, of the Mainland Cricket League, met and defeated the Victoria Incogs at Brockton Point grounds on Saturday afternoon, winning the Tomlin Cup. Victoria batted first and compiled 98 runs. Sparks was top scorer with 45. He played a confident innings and was one of the Victoria batsmen who seemed at home with the deliveries of Rivers and Stocks. Wenman scored 17 and Hewett 13. Rivers and Stocks bowled unchanged throughout the innings. The former finished with the fine analysis of five wickets for 24 runs, while Stocks took three wickets for 27.

C.P.R. replied with 177 runs for five wickets, of which Rivers made 109 and Terkup 30.

The final score stood, Vancouver 117; Victoria 98. The full score follows:

Incogs

St. Louis, Sept. 25.—The Browns batted Ogden and Helmschlag hard yesterday and defeated Philadelphia, 7 to 4. As a result of their victory, while the Yankees were losing to Cleveland, the location of the pennant was separated between Philadelphia and the Yankees.

Philadelphia, Sept. 25.—The Browns batted Ogden and Helmschlag hard yesterday and defeated Philadelphia, 7 to 4. As a result of their victory, while the Yankees were losing to Cleveland, the location of the pennant was separated between Philadelphia and the Yankees.

Cleveland, Sept. 25.—New York failed to clinch the American League pennant yesterday for the reason that Cleveland unexpectedly inflicted a 3 to 0 defeat. The contest was a pitchers' battle between Uhl and Shawkey. The former allowed but six hits. Double plays aided Uhl in two innings, while in the seventh when the first two Yankees reached first, Uhl caused Ward and Scott to put out and then fanned Shawkey. Ruth tripled in the sixth, but there were two out and he failed to score.

New York, Sept. 25.—New York failed to clinch the American League pennant yesterday for the reason that Cleveland unexpectedly inflicted a 3 to 0 defeat. The contest was a pitchers' battle between Uhl and Shawkey. The former allowed but six hits. Double plays aided Uhl in two innings, while in the seventh when the first two Yankees reached first, Uhl caused Ward and Scott to put out and then fanned Shawkey. Ruth tripled in the sixth, but there were two out and he failed to score.

Detroit Wins Again. Detroit, Sept. 25.—Detroit won from Boston yesterday in the final home game of the season, 7 to 2. The victory yesterday gave the Tigers 17 of the 22 games of the year with the visitors. In the eighth, doubles by Blue and Yeach, two passes and two singles, accounted for five runs.

Chicago, Sept. 25.—Washington and Chicago brought the American League season to a close here to-day, the visitors taking the final game of the season. Senators won the game by punching hits with the aid of an error by Mott.

Priced up from **\$2.75**

Theatre

"THE SIREN CALL"
NOW AT CAPITOL
Mammoth Set Is Big Feature
in Paramount Production

Those who believe that the dance hall-gambling resort of Alaska and the far north are all of rough hewn construction, entirely lacking in the gorgeous and elaborate, will be surprised when the truth is revealed in a mammoth set built for the new production of Paramount, "The Siren Call," featuring Dorothy Dalton, which will be on view at the Capitol Theatre all week.

"Gore's Casino," as the place is known in the story, is a large interior, which occupied one-half of the largest enclosed studio stage at the Paramount studio. Adjoining the main casino is a hotel lobby, which will be on view at the Capitol Theatre all week.

On either side of the large hall are boxes, in the nature of private compartments, where the dancing girls and the fur-clad habitués of the place wine and dine and revel. Bizarre decorative gilded filigree work adds glamour to the general interior. It is in this casino that some of the most colorful scenes of "The Siren Call" are enacted. Miss Dalton plays the role of Charlotte Woods, a dance-hall girl, a type of role similar to the one she played in "The Flame of the Yukon," the memorable picture by virtue of which she became a screen favorite almost overnight. David Powell and Mitchell Lewis have the principal male roles.

**FAMOUS TOREADOR
COACHES VALENTINO**

Star of "Blood and Sand" to Be Seen at Dominion

Member of a famous bull-fighting family, himself the conqueror of two score "toros," Rafael Palomar was chosen as trainer of Rodolph Valentino for the toreador scenes required of the Paramount star in "Blood and Sand," a Fred Niblo production made from the notable Vicente Blasco novel of the same name.

That "Blood and Sand" might be correct in every respect, Palomar not only supervised the dressing of Valentino in toreador costume, but taught him every step of the intricate evolutions which mark the grace-

AMUSEMENTS TO-DAY

Royal Victoria—"Robin Hood Opera."
Capitol—"The Siren Call."
Dominion—"Blood and Sand."
Columbia—"The City of Silent Men."

ful sword and cape play, of a matador. Although Valentino is a trained dancer, he found even more difficult than tango or maxixe the complicated steps Palomar taught him for two solid months. And accuracy was decidedly essential—for with a bull in front—there's only one mistake to be made, and when that occurs, the undertaker has his inning!

Rafael Palomar won the training assignment because of his twelve years as a bull-fighter in Madrid, Seville, Cadiz, Mexico City, Guadalajara and other Spanish and Spanish-American cities. He is the brother of Jose and Francisco Palomar, equally famous as favorites of Spanish bull ring audiences.

The hiring of Palomar was but a part of the plan to make "Blood and Sand," which comes to the Dominion Theatre all this week correct in every detail. The story, however, tells of the life of Juan Gallardo, a bull-fighter, rather than of bull-fighting. All of the color of the Spanish national sport is retained, minus the features not acceptable to American audiences.

Lila Lee and Nita Naldi, are featured players of the cast, which is made up of screen artists of distinctive character type. These include among others, Walter Long, George Field, Rose Rosanova, Lee White, Marie Marini and others.

**SING SING MEN SEE
MOTION PICTURES**

"City of Silent Men" Will Be Presented at Columbia

A dozen condemned men enjoyed the privileges of seeing the first motion picture ever exhibited in Sing Sing's deathhouse through the kindness of Thomas Meighan, Paramount star, and his director, Tom Foran, who recently presented a projection machine to the prison. Interiors of the prison are shown in Mr. Meighan's new picture, "The City of Silent Men," which will be shown at the Columbia Theatre to-day, Tuesday and Wednesday.

As the deathhouse is small, the machine had to be placed twelve feet from the screen. The reels were run off twice so that the twelve men could see them through the steel-barred doors of their cells. A bed-sheet, used as a screen, was stretched at the west end of the short corridor which has a row of cells on each side. When the reels were run off the sheet was shifted to the east side and the picture repeated.

William Anthony McGuire, author of "Six-Cylinder Love," "It's a Boy" and other big successes of the legitimate stage, has contracted with Jesse Robbins, producer of the Vitaphone six-reel comedies, "Too Much Business" and "The Ladder Jinx" for the next comedy of the series. "Three," who have seen the first two of Vitaphone's innovation in the six-reel comedy line will anticipate the next with keen pleasure. Another well-known author of Broadway legitimate successes who will contribute to the Robbins comedy features is Arthur Goodrich, author of "So This Is London."

It is promised that the life and work of motion picture people as they really are will be shown in Rupert Hughes' production of his own novel, "Souls for Sale," the screen adaptation of which he is now preparing for Goldwyn. The cast has not yet been announced.

SIX DAYS OF COMIC OPERA

Old Favorites to Be Produced

(By George J. Dyke)

Commencing at the Royal to-night, Victoria is to have a comic opera season of six days. During the week four operas will be produced, all of which are well known, and are great favorites with everybody, namely, "Robin Hood," "Mikado," "Bohemian Girl" and "H. M. S. Pinafore." The visiting opera company is the "American Light Opera Co.," who carry excellent credentials, a popular repertoire, and many talented singers of wide experience. Apropos of this pleasurable event a short synopsis of the operas is here appended in the order to be given.

Robin Hood.

Libretto by Harry B. Smith, music by Reginald de Koven, an American composer, born in Middletown, Conn., April 3, 1859. "Was first performed in Chicago, June 9, 1890, by the famous Bostonians, who sang the opera more than four thousand times. There are ten principal characters including, of course, the famed outlaw, Robin Hood, and pretty Maid Marion. The time is the twelfth century and the place Nottingham, England. The finale of this opera is exceedingly lively. Its gems are: "Hey, for the Merry Greenwood," "Brown, October Ale," "Pinks Chorus," "Oh Promise Me," "A Hunting We'll Go," "Love, Now We Never More Will Part."

The Mikado.

The most popular of all the Gilbert and Sullivan operas. The text is by W. S. Gilbert, and music by Sir Arthur Sullivan (1842-1900). It was first produced at the Savoy Theatre, London, March 14, 1885. First American production, July 1886, at the Museum, Chicago. An all-star revival took place at the Casino Theatre, May 30, 1910, and another revival at the Majestic Theatre in 1913, by the Gilbert and Sullivan Festival Company. There are seven principals, including the Mikado of Japan, the Lord High Executioner and Yum-Yum. "The Flowers That Bloom in the Spring, Tra-la," and other gems are so well known that mention need not be made here.

The Bohemian Girl.

The composer of this never failing charming opera was a Dublin boy born 1805, the son of a dancing master, by name Michael William Balfe. Of all Balfe's works—"The Bohemian Girl" is by far the most famous. It is always popular, its melodious character is delightful, and the opera found so much favor with

Whole System Is Benefited By Tanlac

Thousands of frail, nervous people and convalescents everywhere have testified to the remarkable power of Tanlac in bringing back their health, strength and working efficiency. It seems to quickly invigorate the constitution and is a powerful foe of weakness. Mr. J. T. Willitt, a war veteran, of Park Rooms, Fender St., Vancouver, B.C., says:

"After being in the hospital for wound and shell shock, I needed something to build me up. I was down to one hundred and twenty-three pounds."

"Tanlac built me up to one hundred and forty-five and I feel like pinching myself to see if I can really be the same man who was almost a wreck a few weeks ago."

There is not a single portion of the body that is not benefited by the helpful action of Tanlac. It enables the stomach to turn the food into healthy blood, bone and muscle, purifies the system and helps you back to normal weight. Get a bottle to-day at any good druggist.

the French that it won him the French decoration of Chevalier of the "Legion of Honor." Balfe lived chiefly in England, where he died in 1870. The opera is in three acts. The text is by Bunn. It was first produced at Drury Lane, London, November 27, 1842. An Italian version was brought out at the same theatre February 6, 1858, and its first American production was in November 25, 1844. There are six principal characters, the time is the 19th century, and the place—Presburg, Hungary. The gems of this opera are "I Dreamt I Dwell in Marble Halls," "Heart Bow'd Down," "Then You'll Remember Me," the mixed quartet, "Silence, the Lady Moon," the duet, "What Is the Spell," and the chorus, "Happy and Light" and "In the Gypsy's Life."

H. M. S. Pinafore.

The opera is in two acts, the text by W. S. Gilbert and music by Sir Arthur Sullivan. First produced at the Opera House, London, May 28, 1878. The same year saw its first production at New York but more important was its authorized performance at the Boston Museum in 1879. Revived in New York in 1911 and 1912 and again during the past two years. Recent revivals of this opera have proven that it has lost nothing of its original charm and wit. Strangely enough this most successful of all light operas was not accepted with favor when first produced in London, but Sullivan's sparkling melodies soon won universal whistled. The opera was written in bed, the composer at the time suffering acute gastric trouble. There are eleven principals, the time 1878, and the scene is laid on the quarterdeck of "H. M. S. Pinafore." Its chief gems are "A Maiden Fair to See," "Am Monarch of the Sea," "I'm Called Little Buttercup," "When I Was a Lad," "For He is an Englishman," the opening chorus, "We Sail the Ocean Blue," "Farewell, My Own" and "Fair Moon."

SAANICH POLICE

WILL STAGE BALL

Tickets Now on Sale for Annual Gathering of Municipal Force

The fourth annual charity ball of the Saanich Police force will be staged at the Saanichton Agricultural Hall on October 25 under the patronage of the Saanich Municipal Council and Police Commission. This event is an annual gathering of Saanich residents in aid of a charitable cause. From the police funds raised in this manner in the last few years much distress among the poor of the neighborhood has been relieved. It is planned to make this ball one of the best yet staged by the department, already well known for its hospitality and excellent entertainment.

A special programme of dance music has been prepared and will be rendered by Osard's orchestra. Refreshments on that occasion will be in the hands of the Women's Institute, which speaks for itself. A capable committee has been appointed to take charge of all arrangements and no pains will be spared to make the affair a success in keeping with the successes of former years.

Tally-ho, city hall at 8.15 on the evening of the dance, and will return at 2 a.m. to take care of the dancers.

FINE ENTERTAINMENT AT SOOKE HARBOR

The Sooke Hall was crowded on Friday evening last for the splendid entertainment provided by the Metchosin Concert Party in aid of the funds of Holy Trinity Church, Sooke. The chair was taken by John A. Murray, J. P., who expressed the appreciation of the wardens and members of the congregation for the great help so kindly given by their Metchosin friends. The entertainment was opened by a song from A. D. Ellwood, this being followed by a humorous recital from the Rev. F. Comley, Vicar of Metchosin and Sooke. "The Night Nursery" was sweetly sung by Mrs. F. A. Pearce and for an encore she gave a humorous song entitled "Keep on Hopin'." H. G. Pierce next sang "Take a Pair of Sparkling Eyes." Mrs. Ned Ashe then sang a song entitled "Men" in her own inimitable charming way, with Mr. Pierce at the piano making amusing interjections. This song brought forth loud applause and being encored Mrs. Ashe gave another entitled "Perspicaciousness." Mrs. F. A. Pearce again entertained the audience by singing "If Passed By Your Window" which was very much appreciated. Then W. A. Milsted gave one of his humorous songs entitled "I've Only Come for the Day" which was repeatedly encored. A. D. Ellwood sang a very

pretty Japanese song which was received loud applause. The entertainment closed by "A Skit of a Sketch" being by Mr. and Mrs. Ned Ashe entitled "The Emperor Napoleon's Farewell to the Empress Josephine," brought up to date. This sketch showed the very marked talent in originality and acting in both Mr. and Mrs. Ashe. The National Anthem was then sung, a good supper was served under the direction of Mrs. John A. I. French with the assistance of the ladies of the congregation and then the hall was cleared for a very enjoyable dance to the

strains of the excellent music provided by George McIntosh's orchestra. Some \$30 were cleared, after all expenses were paid, for the Church Funds.

The masquerade dance at the Sooke Hall in aid of the Sooke Harbor Development Association, next Friday, September 29, at 8 p. m., given promise of receiving wide support, and of being a most enjoyable function. Already several parties in cars from Metchosin have intimated their intention of being present and quite a number from Victoria.

NOTED SINGERS WILL BE HEARD ON WEDNESDAY

Miss Marion Houldsworth, the recently appointed soprano soloist in the First Presbyterian Church choir of this city, will assist at the Sunday School concert to be held in the Church Hall on Wednesday evening next. Miss Houldsworth is a pupil of Mr. Gidson Hicks and possesses a very rich and beautiful voice. Other singers who will assist are as follows: Miss Christina Hamilton, the popular contralto soloist, who will sing

by special request, the fine ballad "Angus Macdonald." Miss Hamilton was one of the soloists at the performance of Mendelssohn's "St. Paul," a very beautiful melodic composition. Messrs. James Petrie, M. Thomas and S. L. Saunders will also assist in the programme. These singers are well-known and have taken part in numerous concerts in the city. Recitations will be given by Mr. James Walker, humorous songs by Mr. Alf Adams, while members of the school will give an exhibition of club singing, and the Pas-A-Pas Young Ladies' Bible Class will present a camp fire scene. Piano duets will be rendered by Miss Jessie Smith and Mr. J. Smith, the programme concluding with an exhibition of conjuring by Mr. Arthur Smith.

OPERA WEEK BEGINS TO-DAY

Fine Repertoire at Royal Dur-
ing Week; Robin Hood
To-night

Victoria music and amusement lovers will have an opportunity to renew acquaintance with their old favorites, Gilbert and Sullivan, De Koven, and Balfe when the American Light Opera Company, heralded as "the best light opera organization in America," open their engagement at the Royal Victoria Theatre to-night in America's greatest and best-loved comic opera "Robin Hood," followed on Wednesday matinee and night by "The Mikado," Thursday and Friday "The Bohemian Girl," and Saturday matinee and night "H.M.S. Pinafore." The company comes direct from five weeks' engagement at the Metropolitan Theatre in Seattle where they broke all attendance records and "the best loved of all American light operas and its haunting melodies will linger in everyone's ears until chased away by the strains of "The Mikado." But for the next two days the theatre will be whistling or humming, "Oh Promise Me" or "Brown October Ale" or "It Takes Nine Tailors to Make a Man" or some of the other many hits from this perennial gem. The principals include Theo. Pennington, Paula Ayres, Regina Manville, Harry Pfeil, Carl Bandush, Lee Bright, George Isen, Ed. Andrews and a chorus of remarkably well-trained voices. The productions are complete to the last detail and the orchestra is adequate. At popular prices the attraction is really the biggest amusement value that Victoria has had in many moons.

PLAYHOUSE OFFERING FOR THE WEEK

"The Boy" Will Again Appear
for Four Days

The most successful of the Reginald N. Hinks productions in the new Playhouse is to be continued throughout this week commencing on Wednesday evening. "The Boy," the potted comic opera, comprising the greater part of show number four was perhaps one of the biggest success of the London stage during the war. For catchy hitting music and ludicrous situations the boys ranks among the first of modern comic operas, and under the capable management of Mr. Hinks it has met with the unanimous approval of the large audiences that filled the theatre to capacity last week. The house was sold out on Saturday night before 8 o'clock, and many were turned away. The leading parts are in very capable hands, and includes Miss Eva Hart, Mrs. Catharine McDonald, Miss Peggy Lewis, Eileen Allwood and the Messrs. Ernie Petch, Bun Hobday, Alex. McPhillips, Herb-

ert Kent, Stewart Clark and Reginald Hinks. With this excellent cast, among which there are some of the best seen in Victoria for a long period. Seats are now on sale, and as there has been a large demand in lending patrons should reserve early, best voices in the city, Mr. Hinks is presenting the best show that has

NEW PLAN TO CUT PAVEMENT COSTS

Asphalt in Place of Cement
Proves Cheap and Com-
fortable

Cost of laying Victoria's sidewalks will be reduced almost fifty per cent. under plans with which City Engineer P. M. Preston has been experimenting. The results of Mr. Preston's experiments, made public Saturday show that a special design of asphalt pavement can be laid for fifteen cents a square foot as against a cost of twenty-five cents a square foot for cement pavement. It is believed that the cost of the asphalt pavements can be reduced to about twelve cents, or half as much as the cement variety. Mr. Preston's experiments were made on Gore Road, where 200 feet of the new asphalt pavement was laid. It is planned to lay other asphalt pavements in places where new sidewalks are required. The asphalt pavements not only are cheaper than the cement variety but they are more comfortable to walk on, it is explained. They possess a certain spring which is absent from the cement pavement.

An advertisement for less than 150 words counts as one word. Dollar marks and all abbreviations count as one word.
In computing the number of words in an advertisement, estimate groups of three or less figures as one word. Dollar marks and all abbreviations count as one word.
Advertisers who do not desire any reply should address a box at The Times office and forward to their private address. A charge of 10c is made for this service.
Birth Notices, \$1.00 per insertion. Marriage Notices, \$1.00 per insertion. In Memoriam Notices, \$1.00 for each insertion. \$2.50 for 10 insertions.

Births, Marriages, Deaths

BORN.

SINCLAIR—On the 24th inst., at the home of her parents, Capt. and Mrs. C. Sinclair, a son (John Sinclair).

DIED.

ROBERTSON—On Sunday, Sept. 24, at her home, 2117 Inlet Drive, Elizabeth Whitaker Robertson, beloved wife of Mr. James Whitaker Robertson, age 72 years, born in Edinburgh, Scotland, and a resident of this city for the past 10 years. The deceased is survived by her husband, one sister, Mrs. Florence Hutton, of Drumheller, Alberta.

The funeral will take place on Monday afternoon, the 26th inst., at 2 o'clock, at the Sands Funeral Chapel, and interment will be made at Ross Bay Cemetery.

CALORIC FURNACE

135,000 in Use

80 in Victoria!

The "Caloric" is immensely popular because its good qualities are now widely known. When we say that the "Caloric" saves 1/3 to 1/2 the ordinary fuel-bills hundreds now know that this is an actual fact.

PROSPECTUS

will be mailed on application.

Everything We Eat or Wear

Generally comes packed paperboard. Few other products have the same steady demand and chance of extension. We consider the Canadian Paperboard Co. 7% Bonds, due 1937, at 95 1/2, yielding 7 1/2%, a safe investment.

Gillespie, Hart and Todd, Ltd.

Phone 2140 Victoria 711 Fort St.

WE OWN AND OFFER \$30,000 6% MATURING JUNE 1, 1942

CITY OF KAMLOOPS BONDS

DENOMINATION \$500, INTEREST PAYABLE HALF-YEARLY

KAMLOOPS, with a population of 4,500, is the largest and most important point on the main line of the C. P. R. between Calgary and Vancouver. It is the centre of the great agricultural and stock-raising area of Interior British Columbia, and is a railway divisional point. The municipality owns waterworks, electric light and hydro systems, 70 per cent. of the outstanding debt being for these revenue-producing public utilities.

We strongly recommend these bonds for investment purposes.

PRICE \$101.75 AND ACCRUED INTEREST TO YIELD 5.25%

Royal Financial Corporation, Limited

8-9 Winch Building. Telephone 1240.
